Item 2. Dissenters' Right of Appraisal

A stockholder may exercise his dissenter's right of appraisal in case of any amendment to the Articles of Incorporation of the Company that has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence, or in case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets, or in case of merger or consolidation.

To exercise the right of appraisal, a dissenting stockholder may demand payment of the fair value of his shares by voting against the proposed corporate action and making a written demand on the Company within thirty (30) days after the date on which the vote was taken; otherwise, the failure to make the demand within the said period shall be deemed a waiver of the appraisal right of the dissenting stockholder. Within ten (10) days after demanding payment of his shares, the dissenting stockholder shall submit to the Company the certificate(s) of stock representing his shares for notation thereon that the shares are dissenting shares; otherwise, his failure to do so shall, at the option of the Company, terminate his appraisal rights.

If the action giving rise to the right of appraisal is effected, the Company shall pay to such stockholder, upon surrender of the certificate(s) of stocks representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any

appreciation or depreciation in anticipation of such corporate action. If within the period of sixty (60) days from the date the corporate action was approved by the stockholders, the withdrawing stockholder and the Company cannot agree on the fair value of the shares, it shall be determined and appraised by three (3) disinterested persons, one of whom shall be named by the stockholder, another by the Company, and the third, by the two (2) thus chosen. The findings of the majority of the appraisers shall be final, and their award shall be paid by the Company within thirty (30) days after the award is made, provided that the Company has unrestricted retained earnings in its books to cover such payment and that upon payment by the Company of the agreed or awarded price, the stockholder shall immediately transfer his shares to the Company.

Any other right or action arising from the exercise of a dissenting stockholder of his appraisal rights shall be governed by and in accordance with Title X of the Corporation Code of the Philippines.

No action is to be taken which will give rise to the exercise by a shareholder of his appraisal right as provided under Title X of the Corporation Code of the Philippines.

Item 7. Independent Public Accountant

The Company retained Punongbayan and Araullo, the External Auditors who audited the Company's financial statements for the fiscal years ended 31 December 2015. There were no disagreements with Accountants on accounting and financial disclosure. Punongbayan and Araullo will be recommended for re-appointment at the Annual Meeting. Representatives of the said firm are expected to be present at the Annual Meeting and they will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The Company is compliant with SRC Rules 68, (3) (b) (iv) on rotation of external auditors.

External Audit Fees and Services

The fees paid by the Company for professional services rendered by an external auditor for the last three (3) years are as follows:

	2015	2014	2013
Audit fees	P 240,000.00	P 215,000.00	P 215,000.00

The scope of services rendered by the external auditor was to audit the Company's financial statements. Ms. Mailene Suge-Bisnar, a new partner, will be the signing partner for the fiscal year ending 31 December 2016.

Audit Committee

The Audit Committee of the Company is composed of the following:

Member	Position
• Felixes G. Latonero	Chairman
• Chi Ho Co	Member
• Antonio Victoriano F. Gregorio III	Member

As provided under the Audit Committee Charter, an Audit Committee was created to provide for the composition, powers and duties thereof. Among others, the Audit Committee is tasked to:

⁶ Atty. Venus L. Gregorio resigned as Assistant Corporate Secretary and was elected Corporate Secretary on 16 October 2012

- Assist the Board of Directors in performing oversight responsibility for the financial reporting processes.
- Supervise management activities and responsibilities in maintaining a sound system of internal control.
- Monitor and evaluate the adequacy and effectiveness of the corporation's internal control system.
- Coordinate, monitor and facilitate compliance with laws, rules and regulations in financial reporting.
- Review reports and financial statements before their submission to the Board of Directors.

The Audit Committee shall be responsible for the preparation, review and approval and issuance of the Company's financial statements and reports. Among others, the Audit Committee shall:

- a. Review and approve audit scope and frequency and the annual internal audit plan.
- b. Provide oversight over the senior management's activities in managing credit, market liquidity, operational, Legal and other risks of the Company. The function shall include receiving from senior management periodic information on risk exposures and risk management activities.
- c. Review the quarterly, half year and annual financial statements before submission to the Board, focusing particularly on any change/s in accounting policies and practices.
- d. Determine and evaluate significant adjustment resulting from audit and going concern assumptions
- e. Ensure compliance with accounting standards and compliance with tax, legal, and stock exchange requirements
- f. Be responsible for coordinating, monitoring and facilitating compliance with existing laws, rules and regulations. It may also constitute a Compliance Unit for this purpose.
- g. Assist the Board in the performance of its oversight responsibility for the financial reporting process, system of internal control, audit process, and monitoring of compliance with applicable laws, rules and regulations.
- h. Review and discuss with management and external auditor the quarterly, half-year and annual financial statements before their submission to the Board, with particular focus on the following:
 - Any change/s in accounting policies and practices;
 - Major judgmental areas;
 - Significant adjustments resulting from the audit;
 - Going concern assumptions;
 - Compliance with accounting standards;
 - Compliance with tax, legal and regulatory requirements;
- i. Review other relevant reports or financial information submitted by the company to any governmental body or the public or financial report and relevant reports rendered by the external auditor.

- j. Elevate to international standards the accounting and auditing processes, practices and methodologies of the Corporation.
- k. Check all financial reports against its compliance with pertinent accounting standards, including laws and regulatory requirements and review the management representation letter to the external auditor.

The Audit Committee shall have overall responsibility over the external audit of the Company from the selection process to the approval for issuance of financial statements for the statutory periods. Among others, the Audit Committee shall be responsible for the following:

- a. Recommend to the board of directors the selection of the external auditors among qualified and reputable audit firms, considering independence, effectiveness and professionalism.
- b. Review the external auditors' proposed audit scope and approach, including coordination of audit effort with internal audit.
- c. Discuss with the external auditor before the audit commences the nature and scope of the audit and ensure coordination where more than one audit firm is involved.
- d. Review the performance of the external auditors, and exercise final approval on the appointment or discharge of the auditors. In performing this review, the committee will:
 - 1) At least annually, obtain and review a report by the independent auditor describing: the firm's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or per review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (to assess the auditor's independence) all relationships between the independent auditor and the company.
 - 2) Review and evaluate the lead partner of the independent auditor.
 - 3) Present its conclusions with respect to the external auditor to the Board.
- e. Ensure the rotation of the lead audit partner every five years and other audit partners, and consider whether there should be regular rotation of the audit firm itself.
- f. Periodically consult with the external auditors out of the presence of management about internal controls and fullness and accuracy of the company's financial statements.
- g. On a regular basis, meet separately with the external auditors to discuss any matters that the committee or auditors believe should be discussed privately.
- h. Receive and review reports of external auditors and regulatory agencies, where applicable and ensure that management is taking appropriate corrective actions, in timely manner in addressing control and compliance functions with regulatory agencies.

- i. Pre-approve the engagement of the external auditor or other independent accountant to conduct any non-audit services to be performed during the year.
- j. Evaluate and determine non-audit work by external auditor and keep under review the non-audit fees paid to external auditor both in relation to their significance to the auditor and in relation to the Company's total expenditure on consultancy. The non-audit work should be disclosed in the Annual Report

Item 8. Compensation Plans

There will be no cash or non-cash compensation plans, or adjustments or amendments in stock warrants or options that will be taken up during the Annual Meeting.

3. ISSUANCE AND EXCHANGE OF SECURITIES

Item 9. Authorization or Issuance of Securities Other than for Exchange

Ratification is sought for two tranches of share issuances by the Company. All shares covered by said issuances consist of common shares. Said shares have equal dividend, voting and pre-emption rights as all other shares of the Company. The Company has no other classes of shares other than common shares. There are no provisions in the charter or by-laws of the Corporation that would delay, defer or prevent a change in control of registrant.

Precedent circumstances are as follows:

On 25 October 2016, the Board of Directors authorized the execution of the following:

1. Subscription Agreement with Nathaniel C. Go over 260,000,000 LIHC shares at the price of P .10 per share for a total subscription amount of P 26,000,000.00.
2. Subscription Agreement with Socorro P. Lim over 2,000,000,000 LIHC shares at the price of P .10 per share for a total subscription amount of P 200,000,000.00.

Mr. Nathaniel C. Go shall subscribe to the remaining and unissued portion of the Company's current authorized capital stock of One Hundred Million Pesos (P 100,000,000.00) consisting of One Billion (1,000,000,000) common shares with a par value of Ten Centavos (P.10) per share. Ms. Socorro P. Lim shall subscribe to shares of stock to be issued out of and support the increase in the Company's authorized capital stock from One Hundred Million Pesos (P 100,000,000.00) consisting of One Billion (1,000,000,000) common shares with a par value of Ten Centavos (P.10) per share to Three Hundred Million Pesos (P 300,000,000.00) consisting of Three Billion (3,000,000,000) common shares, with a par value of Ten Centavos (P.10) per share (hereinafter the "Increase in Capital").

In compliance with the disclosure requirements of the Philippine Stock Exchange, details of the transactions were submitted via Comprehensive Corporate Disclosure, copies of which are hereto attached as Annexes "A" and "B".

In the case of minority shareholders, a waiver of the requirement to conduct a rights or public offering of the above shares will be asked to be approved by a majority vote representing the outstanding shares held by the minority present or represented in the meeting.

Each common share of the Company entitles the holder thereof to one (1) vote. Each common share enjoys full dividend rights. The right of pre-emption of stockholders to subscribe to all issues or disposition of shares has been denied in the Company's Amended Articles of Incorporation. There are no other rights given to the stockholders other than the rights previously mentioned.

With the entry of new investors into the Company, the Company will have fresh capital to be used for maintenance and upkeep. Majority of the funds to be raised shall be used to invest in new business opportunities pursuant to the Work Program on uses of funds annexed to the Comprehensive Corporate Disclosures.

The share issuances may have some dilutive effects on other shareholders but this is greatly outweighed by the benefits of the share issuances not only to the Company but to shareholders as well as explained above. There are no preferences afforded to the shares covered by the Subscription Agreements as they enjoy the same dividend, pre-emptive and voting rights as all other shares of the Company.

a. Financial and other Information

1. The Audited Financial Statements as of 31 December 2015, Annual Report, and Unaudited Financial Statements 1st and 2nd quarters of 2016 are hereto attached as Annexes "C", "D", "E" and "F".
2. The Management Report and Plans of Operation are discussed in a separate section.
3. There are no changes in and disagreements with accountants on accounting and financial disclosure; and
4. Representatives of the principal accountants for the current year and for the most recently completed fiscal year:
 - (i) are expected to be present at the security holders' meeting;
 - (ii) will have the opportunity to make a statement if they desire to do so; and
 - (iii) are expected to be available to respond to appropriate questions

Item 10. Modification or Exchange of Securities

There are no matters to be proposed to Shareholders under Modification or Exchange of Securities.

Item 11. Financial and Other Information

A. Stockholders are furnished the following information and documents:

- The Audited Financial Statements of the Company for the fiscal year 2015 is attached to this Information Statement as Annex "C" and incorporated herein by reference as part of the Financial Report of Management for the fiscal year 2015.
- During the Company's two (2) most recent fiscal years or any subsequent interim periods, the Company had no material disagreements with its external auditor, Punongbayan & Araullo, on accounting and financial disclosures.

- Representatives of Punongbayan & Araullo are expected to be present at the Annual Meeting and will have opportunity to make a statement, if they desire to do so, and are expected to be available to respond to appropriate questions.

Item 12. Mergers, Consolidations, Acquisitions and Similar Matters

There are no matters to be discussed under Mergers, Consolidations, Acquisitions and Similar Matters.

Item 13. Acquisition or Disposition of Property

No action is to be taken with respect to the acquisition or disposition of any property.

3. Annual report for the year 2015.

Item 16. Matters Not Required to be Submitted

Other than those mentioned, there are no other actions to be taken at the Annual Meeting with respect to any matter which is not required to be submitted to a vote of security holders.

Item 17. Amendment of Charter, By-Laws or Other Documents

Change of Corporate Address

In compliance with SEC Memorandum Circulars No. 6 and 16, Series of 2014, on 11 April 2014, the Board of Directors, approved the amendment of the Articles of Incorporation of the Company to change its principal office address from Metro Manila to 7th Floor, Peaksun Bldg., Princeton St., Bgy. Wackwack, Mandaluyong City. Approval of shareholders is being sought to enable the Company to amend its Articles of Incorporation to reflect said change of address.

Increase in Authorized Capital

The Company will undertake to increase its authorized capital stock to implement an approval made at the 17 December 2009 Annual Meeting of Stockholders. During said meeting, shareholders, holding at least 2/3 majority of the outstanding capital stock, voted in favor of the increase in the authorized capital stock of the Company from one hundred million pesos (₱100,000,000.00) divided into one hundred million (100,000,000) shares at a par value of one Peso (₱1.00) per share to three hundred million Pesos (₱300,000,000.00)

divided into three billion (3,000,000,000) shares at the reduced par value of Ten centavos (₱.10) per share without stockholders' pre-emptive right. The foregoing was likewise confirmed, ratified and re-adopted by shareholders owning at least a majority of the shares of the Company during its 11 December 2015 Annual Stockholders' Meeting. The Subscription of Socorro Lim, discussed under Item 9 above, will support said capital increase.

Management Report

A. Management Discussion and Analysis and Plan of Operation

Management's Discussion and Analysis (MD&A) or Plan of Operations

On July 21, 2015, the Company entered into Cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meetings called for the last three (3) years.

By way of background, On September 24, 2008, the Company entered into a Heads of Agreement with Music Semiconductors Corporation ("MSC") and ABACORE for the joint acquisition by the Company and MSC of all issued and outstanding shares of stock of ABACOAL, a subsidiary of ABACORE. The Company and MSC have likewise entered into an Agreement for Joint Investment which was amended in 2008 to effect a transfer of all the rights and interests of MSC in ABACOAL to Lodestar.

On November 3, 2010, ABACOAL and the Company further revised the terms of the Heads of Agreement and agreed that the Company shall acquire the Coal property and all the other assets and liabilities of ABACOAL by and through a merger, with the Company as the surviving entity. By virtue of said merger, the Company shall issue 250,000,000 new common shares at a par value of ₱0.10 and an agreed issue value of ₱0.90 to ABACOAL.

On April 12, 2011, the Department of Energy approved the conversion of Coal Operating Contract 148 to Development and Production phase. The proposed 5-year work program of ABACOAL was evaluated and found to be technically and financially qualified to undertake development and production of coal resources located at Tago, Surigao del Sur.

On 16 October 2012, the Board of Directors of Lodestar authorized the Chairman to sign and execute a Plan of Merger with ABACOAL. The Plan of Merger with ABACOAL was not approved for lack of the necessary votes of 2/3 majority of Lodestar's shareholders. Considering the inability of the Company to have the Plan of Merger approved, the Board of Directors passed the necessary resolutions to cancel the Heads of Agreement.

Meantime, in line with the primary purpose of the Company as a holdings corporation, business outlook for 2015 and 2016 is geared towards looking for other business ventures. Thus, the Company may again tap into various sources to look for opportunities in the various business sectors that are viable, growing and profitable. The Company's strategy will be to invest-buy-in or acquire businesses where the Company will at least own a significant stake or interest of the investee Company's outstanding capital. The said investment amount will allow the Company to recognize its proportionate share of the equitized earnings from its investee companies.

Within the next twelve (12) months, subject to SEC approval, the Company will increase its authorized capital stock. This capital raising plan is intended to provide the Company investable funds and working capital for prospective projects. Specifics of such deals, if any, will be properly disclosed in accordance with the continuing disclosure requirements of the SEC and the PSE.

Likewise, for the next twelve (12) months, the Company's cash requirements may still be satisfied from the proceeds/ collection of advances from stockholder.

At the current time, the Company has no definitive plans of:

- a. undertaking any product research and development;
- b. acquiring, purchasing or selling of any plant and significant equipment; and
- c. increasing the number of employees.

The Current Ratio is the general measure of a company's liquidity. It represents the ratio of all current assets to all current liabilities. It is sometimes called the "Working Capital Ratio" because working capital is the excess of current assets over current liabilities. Current ratio is higher than the same period last year due to increase in cash brought about by the cancellation of the ABACORE agreement.

The Quick Ratio is another measure of a company's liquidity. It is used to measure a company's ability to pay its liabilities using assets that are cash or very liquid. Since the Company does not have any marketable securities and accounts receivables, the computation of this ratio was based on cash alone. Quick ratio for the current period is higher as compared to the same period of last year due to the increase in cash brought about by the payment on the cancellation of the ABACORE agreement.

The Debt to Equity Ratio is a measure of leverage, or the relative amount of funds provided by lenders and owners. This measures the amount of debt being used by the Company. The ratio for the current period is higher as compared with that of last year.

Book value Per Share is a measure of stockholders' equity. It represents the difference between total assets and total liabilities divided by the total number of shares outstanding.

Net Profit Margin Ratio related to the profits of a company to its sales, assets or equity. It indicates the rate of profit from sales and other revenues. The Company is still in a no-operation status. The reported revenues are purely interests earned from bank deposits.

Full Fiscal Year

Calendar Year 2015

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. ("ABACON") and Musx Corporation ("Musx") for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal and Exploration and Development Corporation ("ABACOAL"). The joint acquisition was amended on May 21, 2009 whereby the Company acquires the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL.

On July 21, 2015, the Company entered into Cancellation of the Head of Agreement and allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and ABACOAL. The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meetings called for the last three (3) years. In consideration of signing the Cancellation Agreement, ABACORE shall pay the Company a portion of the deposit for future stock investment amounting to P17.0 million. Accordingly, the Company recognized a loss of P20.0 million for the unrecovered portion which is presented as Loss on Cancellation of an Agreement. Partial payment of P13.5 million contributed to the increase in cash while the balance was presented as collectible.

The reported interest income earned on bank accounts amounting to P47,760 was P46,998 or 6,168% higher than the interest recorded for the year 2014 of P 762. The increase was due mainly to additional cash as a result of cancellation of heads of agreement by and between Lodestar, ABACOAL and ABACORE. Other income of P 3,049 was derived from reversal of long outstanding liability.

The ₦2.12 million operating expenses for 2015 was 8.19% or ₦ 160.54 thousand higher when compared to 2014 expenses amounting to ₦1.96 million. The increase was attributed to the net effect of following expenses:

1. Legal Fees – 53.27% or ₦388.89 thousand higher from ₦730 thousand in 2014 to ₦1.12 million in 2015 due to legal fees incurred for cancellation of various contracts related to ABACOAL.
2. Salaries and Employee benefits – 68.51% or ₦190.99 thousand lower.
3. Director's fees – 14.29% or ₦ 16.66 thousand higher from ₦116.67 thousand in 2014 to ₦133.33 thousand in 2015 due to higher number of attendees.
4. Office supplies and other expenses – 48.73% or ₦ 37.46 thousand lower from ₦ 76.87 thousand in 2014 to ₦39.41 thousand in 2015.
5. Professional Fees – 8.79% or ₦ 13.11 thousand lower from ₦149.11 thousand in 2014 to ₦136 thousand in 2015 due to cancellation of a contract with a professional.
6. Representation Expense – 48.62% or ₦14.01 thousand lower from ₦ 28.81 thousand in 2014 to ₦ 14.8 thousand in 2015.
7. Transportation and Travel expenses – 66.40% or ₦3.56 thousand lower from ₦5.36 thousand in 2014 to ₦1.8 thousand in 2015.
8. Printing – 21.53% or ₦14.01 thousand increase from ₦ 65.06 thousand in 2014 to ₦ 79.07 thousand in 2015.
9. Taxes and Licenses – 0.66% or ₦0.1 thousand increase from ₦ 15.07 thousand in 2014 to ₦ 15.17 thousand in 2015.

The cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts entails returned of payments made amounting to ₦ 17 million resulting to additional cash input of ₦13.5 million, receivables of ₦ 3.5 million and losses aggregating ₦20 million.

The above mentioned additional cash input net of expenses incurred during the year contributed to an increase in cash and cash equivalents of ₦ 12.72 million, from ₦ 383.75 thousand in 2014 to ₦ 13.11 million in 2015.

Likewise, this transaction plus a minimal increase in input vat of ₦ 62.6 thousand contributed to an increase in other current assets of ₦3.56 million.

Partial settlement of ₦0.6 million by a stockholder resulted to a decrease in advances from stockholder, from ₦ 2.46 million as of Dec. 2014 to ₦ 1.86 million in 2015.

Total liabilities of ₦ 1.55 million in 2015 is 96.95% or ₦ 762.26 thousand higher when compared to 2014 balances of only ₦ 786.22 thousand. The increase is due to additional legal fees incurred during the year.

Operating expenses net of interest earned from bank deposits and reversal of miscellaneous deposit plus other losses amounting to ₦20 million resulted to a net reduction in equity of ₦ 22.08 million, from ₦ 43.09 million in 2014 to ₦ 21.01 million in 2015.

Calendar Year 2014

For 2014, Lodestar has yet to undertake commercial operations, hence, reported losses in 2014 amount to ₦ 1.959 million. For the next twelve (12) months, the Company may increase its authorized capital. This capital raising plan is intended to provide the Company investable funds and working capital for prospective projects.

For 2014, reported interest income earned on bank accounts amounting to ₦ 762 was ₦ 4,721 or 86.10% lower than the interest recorded for the year 2013 of ₦ 5,483.

The ₦1.96 million operating expenses for 2014 was 39.41% or ₦1.27 million lower when compared to 2013 expenses amounting to ₦3.23 million. The decrease was attributed to the net effect of following expenses:

1. Audit Fees – 4.88% or ₦11 thousand higher from ₦230 thousand in 2013 to ₦241 thousand in 2014 due to higher audit fees for 2014.
2. Salaries and Employee benefits – 55.59% or ₦349 thousand lower.
3. Director's fees – 16.00% or ₦22 thousand lower from ₦139 thousand in 2013 to ₦117 thousand in 2014 due to lesser board meetings conducted during the year.
4. Office supplies and other expenses – 38.51% or ₦69 thousand lower from ₦179 thousand in 2013 to ₦110 thousand in 2014.
5. Professional Fees – 61.92% or ₦242 thousand lower from ₦392 thousand in 2013 to ₦149 thousand in 2014 due to cancellation of contracts of a professional.
6. Repairs and Maintenance – 100% or ₦6 thousand incurred in 2014 and nil in 2013.
7. Representation Expense – 93.00% or ₦382 thousand lower from ₦411 thousand in 2013 to ₦29 thousand in 2014. This expense is relative to the Company's COC 148 which is now into development and production phase.
8. Transportation and Travel expenses – 91.02% or ₦54 thousand lower from ₦ 59 thousand in 2013 to ₦5 thousand in 2014.
9. Depreciation – 67.92% or ₦ 7 thousand lower.
10. Insurance – 141.74% or ₦17 thousand higher from ₦12 thousand 2013 to ₦29 thousand in 2014.
11. Legal fees – 20.65% or ₦190 thousand lower from ₦920 thousand in 2013 to ₦730 thousand in 2014.
12. Taxes and Licenses – 27.62% or ₦3 thousand increase from ₦12 thousand in 2013 to ₦15 thousand in 2014.

The above expenses contributed to a decrease in cash and cash equivalents from ₦490 thousand in 2013 to ₦384 thousand in 2013.

Other current assets increased by ₦51 thousand due to input vat from purchase of goods and services net of decrease in receivables.

Partial settlement of ₦1.17 million by a stockholder resulted to a decrease in advances from stockholder, from ₦3.63 million as at Dec. 2013 to ₦2.46 million in 2014.

Total liabilities of ₦786 thousand in 2014 is 1,321.60% or ₦731 thousand higher when compared to 2013 balances of only ₦55 thousand. The increase is due to unsettled legal fees.

Operating expenses net of interest earned from bank deposits resulted to a net reduction in equity from ₦45.05 million in 2013 to ₦43.09 million in 2014.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company's liquidity increasing or decreasing in any material way.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company's liquidity increasing or decreasing in any material way.

There are no known events that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation.

There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligation), and other relationships of the Company with unconsolidated entities or other persons created during the year.

There are no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

There are no seasonal aspects that had a material effect on the Company's financial condition or results of operations.

For the past two years, the Company has been trying to get stockholders' approval of the Merger between Lodestar and Abacoal. However, due to lack of the necessary quorum, the Merger has not yet been approved. For this reason, Management will assess the status as well as the legal impediments and tax implication of the Abacoal Project within the first two quarters of the succeeding year.

PART III – FINANCIAL INFORMATION

Business Plan

As an investment holding company, the Company will continue to evaluate various business opportunities and ventures that are viable, growing, and profitable.

The Company's strategy will be to invest, buy-in or acquire businesses where the Company will at least own a significant stake or interest of the investee Company's outstanding capital. The said investment amount will allow the Company to recognize its proportionate share of the equitized earnings from its investee companies.

The Company's capital raising plans are intended to provide the Company investable funds and working capital for the above-mentioned current and prospective projects.

Financial Statements

The Company's Annual Financial Statements for 2015 together with the notes thereto are attached together with the First and Second quarters of financial statements for 2015.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

The Company retained Punongbayan & Araullo (P&A) as External Auditors who prepared the financial statements for the calendar year ended 31 December 2015. There were no disagreements with Accountants on accounting and financial disclosure.

PART IV – MANAGEMENT AND CERTAIN SECURITY HOLDERS

A. (1) Directors and Executive Officers

As of 30 September 2016, the Board of Directors and Executive Officers of the company consist of the following individuals:

Name	Position	Nationality	Period Served (as Director)
▪ Antonio V.F. Gregorio III	Director / Chairman	Filipino	2009 to present
▪ Chi Ho Co	Director / President	Filipino	2008 to present
▪ Delfin S. Castro, Jr.	Director / CFO / Treasurer	Filipino	2015 to present

Report on the Financial Statements

We have audited the accompanying financial statements of Lodestar Investment Holdings Corporation which comprise the statements of financial position as at December 31, 2015 and 2014, and the statements of profit or loss, statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2015, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Philippine Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Certified Public Accountants

Punongbayan & Araullo (P&A) is the Philippine member firm of Grant Thornton International Ltd

Offices in Cebu, Davao, Cavite

BOA/PRC Cert. of Reg. No. 0002
SEC Accreditation No. 0002-FR-4

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Lodestar Investment Holdings Corporation as at December 31, 2015 and 2014, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2015 in accordance with Philippine Financial Reporting Standards.

Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 1 to the financial statements which indicates that the Company has incurred net losses of P22,079,325, P1,959,374 and P3,230,677 for the years ended December 31, 2015, 2014 and 2013, respectively, and has accumulated deficit of P119,705,236 and P97,625,911 as at December 31, 2015 and 2014, respectively. These conditions raise material uncertainty on the Company's ability to continue as a going concern entity. However, in line with the Company's primary purpose as a holding company, the business outlook is geared towards looking for opportunities in the various business sectors that are viable, growing and profitable wherein the Company's strategy will be to invest-buy-in or acquire businesses in which the Company will at least own a significant interest over the investees' outstanding capital. Within the next 12 months, subject to stockholders' confirmation and approval thereof of the Philippine Securities and Exchange Commission, the Company plans to increase its authorized capital stock as part of its capital raising plan intended to provide the Company investable funds and working capital for prospective projects. Consequently, the accompanying financial statements have been prepared assuming that the Company will continue as a going concern entity. We have performed sufficient audit procedures and obtained evidence to verify the validity of management plans and actions regarding this matter. The accompanying financial statements do not include any adjustments relating to the recoverability and classification of assets and the amounts and settlement of liabilities that might result from the outcome of this uncertainty.

Report on Other Legal and Regulatory Requirements

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information for the year ended December 31, 2015 required by the Bureau of Internal Revenue as disclosed in Note 17 to the financial statements is presented for purposes of additional analysis and is not a required part of the basic financial statements prepared in accordance with Philippine Financial Reporting Standards. Such supplementary information is the responsibility of the management. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Supplemental Information on Noncash Investing Activity –

Prior to 2014, the Company made deposits to Abacus Consolidated Resources Holdings, Inc. (ACRHI) amounting to P37.0 million in relation to the Company's 100% acquisition of Abacus Coal Exploration and Development Corporation (ABACOAL). However, in 2015, the Company agreed with ACRHI and ABACOAL to cancel the acquisition. In consideration of signing the cancellation agreement, ACRHI shall pay the Company a total amount of P17.0 million. Accordingly, the Company recognized a loss of P20.0 million from this transaction (see Note 9). As at December 31, 2015, P13.5 million was already paid to the Company while the remaining P3.5 million was recognized as Receivable from a third party under Other Current Assets (see Note 8).

LODESTAR INVESTMENT HOLDINGS CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015, 2014 AND 2013
(Amounts in Philippine Pesos)

1. CORPORATE MATTERS

1.1 Corporate Information

Lodestar Investment Holdings Corporation (the Company) was incorporated on January 3, 1974 and its shares are listed with the Philippine Stock Exchange (PSE). The Company's primary purpose is to engage as an investment holding company. At present, the Company has no commercial operations.

The Company's principal place of business is located at 7th Floor, Peaksun Bldg., 1505 Princeton St., corner Shaw Blvd., Wack Wack Greenhills East, Mandaluyong City.

1.2 Status of Operations

The Company has incurred net losses of P22,079,325, P1,959,374 and P3,230,677 for the years ended December 31, 2015, 2014 and 2013, respectively, and has accumulated deficit of P119,705,236 and P97,625,911 as at December 31, 2015 and 2014, respectively. These conditions raise uncertainty on the Company's ability to continue as a going concern entity. However, in line with the Company's primary purpose as a holding company, the business outlook is geared towards looking for opportunities in the various business sectors that are viable, growing and profitable wherein the Company's strategy will be to invest-buy-in or acquire businesses in which the Company will at least own a significant interest over the investees' outstanding capital. Within the next 12 months, subject to stockholders' confirmation and approval thereof of the Philippine Securities and Exchange Commission (SEC), the Company plans to increase its authorized capital stock as part of its capital raising plan intended to provide the Company investable funds and working capital for prospective projects. Consequently, the financial statements have been prepared assuming that the Company will continue as a going concern entity. The financial statements do not include any adjustments relating to the recoverability and classification of assets and settlement of liabilities that might result from the outcome of this uncertainty.

1.3 Approval of Financial Statements

The financial statements of the Company as at and for the year ended December 31, 2015 (including the comparative financial statements as at and for the years ended December 31, 2014 and 2013) were authorized for issue by the Company's Audit Committee on April 6, 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies that have been used in the preparation of these financial statements are summarized below. These policies have been consistently applied to all years presented, unless otherwise stated.

2.1 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Philippine Financial Reporting Standards

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). PFRS are adopted by the Financial Reporting Standards Council (FRSC) from the pronouncements issued by the International Accounting Standards Board and approved by the Philippine Board of Accountancy.

The financial statements have been prepared using the measurement bases specified by PFRS for each type of asset, liability, income and expense. The measurement bases are more fully described in the accounting policies that follow.

(b) Presentation of Financial Statements

The financial statements are presented in accordance with Philippine Accounting Standard (PAS) 1, *Presentation of Financial Statements*. The Company presents statement of comprehensive income separate from the statement of profit or loss.

The Company presents a third statement of financial position as at the beginning of the preceding period when it applies an accounting policy retrospectively, or makes a retrospective restatement or reclassification of items that has a material effect on the information in the statement of financial position at the beginning of the preceding period. The related notes to the third statement of financial position are not required to be disclosed.

(c) Functional and Presentation Currency

These financial statements are presented in Philippine pesos, the Company's functional and presentation currency, and all values represent absolute amounts except when otherwise indicated.

Items included in the financial statements of the Company are measured using its functional currency. Functional currency is the currency of the primary economic environment in which the Company operates.

2.2 Adoption of New and Amended PFRS

(a) Effective in 2015 that are Relevant to the Company

The Company adopted for the first time the following amendment and annual improvements to PFRS, which are mandatorily effective for annual periods beginning on or after July 1, 2014, for its annual reporting period beginning January 1, 2015:

PAS 19 (Amendment)	:	Employee Benefits – Defined Benefit Plans – Employee Contributions
Annual Improvements	:	Annual Improvements to PFRS (2010-2012 Cycle) and PFRS (2011-2013 Cycle)

Discussed below are the relevant information about these amendment and improvements.

- (i) PAS 19 (Amendment), *Employee Benefits – Defined Benefit Plans – Employee Contributions*. The amendment clarifies that if the amount of the contributions to defined benefit plans from employees or third parties is dependent on the number of years of service, an entity shall attribute the contributions to periods of service using the same attribution method (i.e., either using the plan's contribution formula or on a straight-line basis) for the gross benefit. The amendment did not have a significant impact on the Company's financial statements since currently, the Company has no existing defined benefit plan.
- (ii) Annual Improvements to PFRS. Annual improvements to PFRS (2010-2012 Cycle) and PFRS (2011-2013 Cycle) made minor amendments to a number of PFRS. Among those improvements, the following amendments are relevant to the Company but had no material impact on the Company's financial statements as these amendments merely clarify the existing requirements:

Annual Improvements to PFRS (2010-2012 Cycle)

- PAS 16 (Amendment), *Property, Plant and Equipment* and PAS 38 (Amendment), *Intangible Assets*. The amendments clarify that when an item of property, plant and equipment and intangible assets is revalued, the gross carrying amount is adjusted in a manner that is consistent with a revaluation of the carrying amount of the asset.
- PAS 24 (Amendment), *Related Party Disclosures*. The amendment clarifies that an entity providing key management services to a reporting entity is deemed to be a related party of the latter. It also clarifies that the information required to be disclosed in the financial statements are the amounts incurred by the reporting entity for key management personnel services that are provided by a separate management entity and not the amounts of compensation paid or payable by the management entity to its employees or directors.

Annual Improvement to PFRS (2011-2013 Cycle)

PFRS 13 (Amendment), *Fair Value Measurement*. The amendment clarifies that the scope of the exception for measuring the fair value of a group of financial assets and financial liabilities on a net basis (the portfolio exception) applies to all contracts within the scope of and accounted for in accordance with PAS 39, *Financial Instruments: Recognition and Measurement*, or PFRS 9, *Financial Instruments*, regardless of whether they meet the definition of financial assets or financial liabilities as defined in PAS 32, *Financial Instruments: Presentation*.

(b) *Effective in 2015 that are not Relevant to the Company*

The following annual improvements to PFRS are mandatory for accounting periods beginning on or after July 1, 2014 but are not relevant to the Company's financial statements:

PFRS (2010-2012 Cycle)

PFRS 2 (Amendment)	: Share-based Payment – Definition of Vesting Condition
PFRS 3 (Amendment)	: Business Combinations – Accounting for Contingent Consideration in a Business Combination
PFRS 8 (Amendments)	: Operating Segments – Aggregation of Operating Segments, and Reconciliation of the Total of the Reportable Segments' Assets to the Entity's Assets

PFRS (2011-2013 Cycle)

PAS 40 (Amendment)	: Investment Property – Clarifying the Interrelationship between PFRS 3 and PAS 40
PFRS 3 (Amendment)	: Business Combinations – Scope Exceptions for Joint Ventures

(c) *Effective Subsequent to 2015 but not Adopted Early*

There are new PFRS, amendments and annual improvements to existing standards effective for annual periods subsequent to 2015 which are adopted by the FRSC. Management will adopt the relevant pronouncements discussed in the succeeding page in accordance with their transitional provisions; and, unless otherwise stated, none of these are expected to have significant impact on the Company's financial statements.

- (i) PAS 1 (Amendment), *Presentation of Financial Statements – Disclosure Initiative* (effective from January 1, 2016). The amendment encourages entities to apply professional judgment in presenting and disclosing information in the financial statements. Accordingly, it clarifies that materiality applies to the whole financial statements and an entity shall not reduce the understandability of the financial statements by obscuring material information with immaterial information or by aggregating material items that have different natures or functions. Moreover, the amendment clarifies that, in determining the order of presenting the notes and disclosures, an entity shall consider the understandability and comparability of the financial statements.
- (ii) PAS 16 (Amendment), *Property, Plant and Equipment*, and PAS 38 (Amendment), *Intangible Assets – Clarification of Acceptable Methods of Depreciation and Amortization* (effective from January 1, 2016). The amendment in PAS 16 clarifies that a depreciation method that is based on revenue that is generated by an activity that includes the use of an asset is not appropriate for property, plant and equipment. In addition, amendment to PAS 38 introduces a rebuttable presumption that an amortization method that is based on the revenue generated by an activity that includes the use of an intangible asset is not appropriate, which can only be overcome in limited circumstances where the intangible asset is expressed as a measure of revenue, or when it can be demonstrated that revenue and the consumption of the economic benefits of an intangible asset are highly correlated. The amendment also provides guidance that the expected future reductions in the selling price of an item that was produced using the asset could indicate an expectation of technological or commercial obsolescence of an asset, which may reflect a reduction of the future economic benefits embodied in the asset.
- (iii) PAS 16 (Amendment), *Property, Plant and Equipment*, and PAS 41 (Amendment), *Agriculture – Bearer Plants* (effective from January 1, 2016). The amendment defines a bearer plant as a living plant that is used in the production or supply of agricultural produce, is expected to bear produce for more than one period and has a remote likelihood of being sold as agricultural produce, except for incidental scrap sales. On this basis, bearer plant is now included within the scope of PAS 16 rather than PAS 41, allowing such assets to be accounted for as property, plant and equipment and to be measured after initial recognition at cost or revaluation basis in accordance with PAS 16. The amendment further clarifies that produce growing on bearer plants remains within the scope of PAS 41.

(iv) PFRS 9 (2014), *Financial Instruments* (effective from January 1, 2018). This new standard on financial instruments will eventually replace PAS 39 and PFRS 9 (2009, 2010 and 2013 versions). This standard contains, among others, the following:

- three principal classification categories for financial assets based on the business model on how an entity is managing its financial instruments;
- an expected loss model in determining impairment of all financial assets that are not measured at fair value through profit or loss (FVTPL), which generally depends on whether there has been a significant increase in credit risk since initial recognition of a financial asset; and,
- a new model on hedge accounting that provides significant improvements principally by aligning hedge accounting more closely with the risk management activities undertaken by entities when hedging their financial and non-financial risk exposures.

In accordance with the financial asset classification principle of PFRS 9 (2014), a financial asset is classified and measured at amortized cost if the asset is held within a business model whose objective is to hold financial assets in order to collect the contractual cash flows that represent solely payments of principal and interest (SPPI) on the principal outstanding. Moreover, a financial asset is classified and subsequently measured at fair value through other comprehensive income if it meets the SPPI criterion and is held in a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets. All other financial assets are measured at FVTPL.

In addition, PFRS 9 (2014) allows entities to make an irrevocable election to present subsequent changes in the fair value of an equity instrument that is not held for trading in other comprehensive income.

The accounting for embedded derivatives in host contracts that are financial assets is simplified by removing the requirement to consider whether or not they are closely related, and, in most arrangements, does not require separation from the host contract.

For liabilities, the standard retains most of the PAS 39 requirements which include amortized cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The amendment also requires changes in the fair value of an entity's own debt instruments caused by changes in its own credit quality to be recognized in other comprehensive income rather than in profit or loss.

Management is currently assessing the impact of PFRS 9 (2014) on the financial statements of the Company and it will conduct a comprehensive study of the potential impact of this standard prior to its mandatory adoption date to assess the impact of all changes.

(v) Annual Improvements to PFRS (2012-2014 Cycle) (effective from January 1, 2016). Among the improvements, the following amendments are relevant to the Company but management does not expect these to have material impact on the Company's financial statements:

- PFRS 7 (Amendment), *Financial Instruments – Disclosures*. The amendment provides additional guidance to help entities identify the circumstances under which a contract to "service" financial assets is considered to be a continuing involvement in those assets for the purposes of applying the disclosure requirements of PFRS 7. Such circumstances commonly arise when, for example, the servicing is dependent on the amount or timing of cash flows collected from the transferred asset or when a fixed fee is not paid in full due to non-performance of that asset.
- PAS 19 (Amendment), *Employee Benefits*. The amendment clarifies that the currency and term of the high quality corporate bonds which were used to determine the discount rate for post-employment benefit obligations shall be made consistent with the currency and estimated term of the post-employment benefit obligations.

2.3 Financial Assets

Financial assets are recognized when the Company becomes a party to the contractual terms of the financial instrument. For purposes of classifying financial assets, an instrument is considered as an equity instrument if it is non-derivative and meets the definition of equity for the issuer in accordance with the criteria of PAS 32. All other non-derivative financial instruments are treated as debt instruments.

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories: FVTPL, loans and receivables, held-to-maturity investments and available-for-sale financial assets. Financial assets are assigned to the different categories by management on initial recognition, depending on the purpose for which the investments were acquired.

Regular purchases and sales of financial assets are recognized on their trade date. All financial assets that are not classified as at FVTPL are initially recognized at fair value plus any directly attributable transaction costs. Financial assets carried at FVTPL are initially recorded at fair value and transaction costs related to it are recognized in profit or loss.

The Company's financial assets categorized as loans and receivables include Cash, Advances to a Stockholder and Other Current Assets (with respect to receivable from a third party and advances to contractor included therein) in the statement of financial position. Cash includes cash on hand and demand deposits held to meet short-term cash commitments rather than for investment or other purposes.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Company provides money, goods or services directly to a debtor with no intention of trading the receivables. They are included in current assets, except for those with maturities greater than 12 months after the end of each reporting period which are classified as non-current assets.

Loans and receivables are subsequently measured at amortized cost using the effective interest method, less impairment loss, if any. Impairment loss is provided when there is objective evidence that the Company will not be able to collect all amounts due to it in accordance with the original terms of the receivables.

The amount of the impairment loss is determined as the difference between the assets' carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred), discounted at the financial asset's original effective interest rate or current effective interest rate determined under the contract if the loan has a variable interest rate.

All income and expenses, including impairment losses, relating to financial assets that are recognized in profit or loss are presented as Interest Income (Cost) in the statement of profit or loss.

Non-compounding interest and other cash flows resulting from holding financial assets are recognized in profit or loss when earned, regardless of how the related carrying amount of financial assets is measured.

The financial assets (or where applicable, a part of a financial asset or part of a group of financial assets) are derecognized when the contractual rights to receive cash flows from the financial instruments expire, or when the financial assets and all substantial risks and rewards of ownership have been transferred to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

2.4 Deposit for Future Stock Investment

Deposit for future stock investment is carried in the financial statements at the amount of cash given when the deposit was made.

The carrying amount of the asset is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (see Note 2.11).

2.5 Other Current Assets

Other current assets pertain to other resources controlled by the Company as a result of past events. They are recognized in the financial statements when it is probable that the future economic benefits will flow to the Company and the asset has a cost or value that can be measured reliably.

Other recognized assets of similar nature, where future economic benefits are expected to flow to the Company beyond one year after the end of the reporting period or in the normal operating cycle of the business, if longer, are classified as noncurrent assets.

2.6 Office Furniture

Office furniture is stated at cost less accumulated depreciation and any impairment in value. The cost of an asset comprises its purchase price and directly attributable costs of bringing the asset to working condition for its intended use. Expenditures for additions, major improvements and renewals are capitalized; expenditures for repairs and maintenance are charged to expense as incurred.

Depreciation of office furniture is computed on the straight-line basis over the estimated useful life of two years.

The residual value, estimated useful life and method of depreciation of office furniture are reviewed and adjusted if appropriate, at the end of each reporting period.

Fully depreciated assets are retained in the accounts until they are no longer in use and no further depreciation is recognized in profit or loss.

An asset's carrying amount is written down immediately to its recoverable amount if the assets carrying amount is greater than the estimated recoverable amount (see Note 2.11).

Office furniture is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the profit or loss in the year the item is derecognized.

2.7 Financial Liabilities

Financial liabilities, which include accounts payable and accrued expenses (except for tax-related liabilities), are recognized when the Company becomes a party to the contractual terms of the instrument.

Accounts payable and accrued expenses are recognized initially at their fair value and subsequently measured at amortized cost, using effective interest method for maturities beyond one year, less settlement payments.

Financial liabilities are classified as current liabilities if payment is due to be settled within one year or less after the end of the reporting period (or in the normal operating cycle of the business, if longer), or the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. Otherwise, these are presented as non-current liabilities.

Financial liabilities are derecognized from the statement of financial position only when the obligations are extinguished either through discharge, cancellation or expiration. The difference between the carrying amount of the financial liability derecognized and the consideration paid or payable is recognized in profit or loss.

2.8 Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the resulting net amount, considered as a single financial asset or financial liability, is reported in the statement of financial position when the Company currently has legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously. The right of set-off must be available at the end of the reporting period, that is, it is not contingent on future event. It must also be enforceable in the normal course of business, in the event of default, and in the event of insolvency or bankruptcy; and must be legally enforceable for both entity and all counterparties to the financial instruments.

2.9 Provisions and Contingencies

Provisions are recognized when present obligations will probably lead to an outflow of economic resources and they can be estimated reliably even if the timing or amount of the outflow may still be uncertain. A present obligation arises from the presence of a legal or constructive commitment that has resulted from past events.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the end of the reporting period, including the risks and uncertainties associated with the present obligation. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. When time value of money is material, long-term provisions are discounted to their present values using a pretax rate that reflects market assessments and the risks specific to the obligation. The increase in the provisions due to the passage of time is recognized as interest expense. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate.

In those cases where the possible outflow of economic resource as a result of present obligations is considered improbable or remote, or the amount to be provided for cannot be measured reliably, no liability is recognized in the financial statements. Similarly, possible inflows of economic benefits to the Company that do not yet meet the recognition criteria of an asset are considered contingent assets, hence, are not recognized in the financial statements. On the other hand, any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognized as a separate asset not exceeding the amount of the related provision.

2.10 Revenue and Expenses Recognition

Revenue is recognized to the extent that the revenue can be reliably measured; it is probable that the economic benefits will flow to the Company, and the costs incurred or to be incurred can be measured reliably.

Interest income is recognized as the interest accrues taking into account the effective yield on the asset.

Expenses are recognized in profit or loss upon utilization of goods and services, or at the date they are incurred.

2.11 Impairment of Non-financial Assets

The Company's deposit for future stock investment, office furniture and other non-financial assets are subject to impairment testing. All other individual assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

For purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

Impairment loss is recognized in profit or loss for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amounts which is the higher of its fair value less costs to sell and its value in use. In determining value in use, management estimates the expected future cash flows from each cash-generating unit and determines the suitable interest rate in order to calculate the present value of those cash flows. The data used for impairment testing procedures are directly linked to the Company's latest approved budget, adjusted as necessary to exclude the effects of asset enhancements. Discount factors are determined individually for each cash-generating unit and reflect management's assessment of respective risk profiles, such as market and asset-specific risk factors.

All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the asset's or cash generating unit's recoverable amount exceeds its carrying amount.

2.12 Income Taxes

Tax expense recognized in profit or loss comprises the sum of deferred tax and current tax not recognized in other comprehensive income or directly in equity, if any.

Current tax assets or liabilities comprise those claims from, or obligations to, fiscal authorities relating to the current or prior reporting period, that are uncollected or unpaid at the end of the reporting period. They are calculated using the tax rates and tax laws applicable to the fiscal periods to which they relate, based on the taxable profit for the year. All changes to current tax assets or liabilities are recognized as a component of tax expense in profit or loss.

Deferred tax is accounted for using the liability method, on temporary differences at the end of the reporting period between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Under the liability method, with certain exceptions, deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and the carryforward of unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilized. Unrecognized deferred tax assets are reassessed at the end of each reporting period and are recognized to the extent that it has become probable that future taxable profit will be available to allow such deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled provided such tax rates have been enacted or substantively enacted at the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Most changes in deferred tax assets or liabilities are recognized as a component of tax expense in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset if the Company has a legally enforceable right to set-off current tax assets against current tax liabilities and the deferred taxes related the same taxation authority.

2.13 Related Party Relationships and Transactions

Related party transactions are transfers of resources, services or obligations between the Company and its related parties, regardless whether a price is charged.

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. These parties include: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Company; (b) associates; and, (c) individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company and close members of the family of any such individual.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely on the legal form.

2.14 Equity

Capital stock represents the nominal value of shares that have been issued.

Additional paid-in capital represents any premiums received on the issuance of capital stock. Any transaction costs associated with the issuance of shares are deducted from additional paid-in capital, net of any related income tax benefits.

Deficit represents all current and prior period results of operations as disclosed in the statement of profit or loss.

2.15 Loss Per Share

Loss per share is determined by dividing net loss by the weighted average number of common shares issued and outstanding during the year. Diluted loss per share is not computed since the Company has no potential dilutive common shares.

2.16 Events After the End of the Reporting Period

Any post-year-end event that provides additional information about the Company's financial position at the end of the reporting period (adjusting event) is reflected in the financial statements. Post-year-end events that are not adjusting events, if any, are disclosed when material in the notes to financial statements.

3. SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Company's financial statements in accordance with PFRS requires management to make judgments and estimates that affect the amounts reported in the financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may ultimately differ from these estimates.

3.1 Critical Management Judgment in Applying Accounting Policies

In the process of applying the Company's accounting policies, management has made judgment, apart from those involving estimation. Among those judgments, recognition of provisions and contingencies has the most significant effect on the amount recognized in the financial statements. This judgment is exercised by management to distinguish between provisions and contingencies. Accounting policies on recognition of provisions and contingencies are discussed in Note 2.9 and disclosures on relevant provisions and contingencies are presented in Note 16.

3.2 Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period:

(a) Impairment of Advances to a Stockholder, Receivable from a Third Party and Advances to Contractor

Adequate amount of allowance for impairment is provided, where objective evidence of impairment exists. The Company evaluates these accounts based on available facts and circumstances, including, but not limited to, the length of the Company's relationship with the counterparties, the counterparties' current credit status, average age of accounts, collection experience and historical loss experience. The methodology and assumptions used in estimating future cash flows are reviewed regularly by the Company to reduce any differences between loss estimates and actual loss experience.

Based on management's assessment, there is no allowance for impairment loss required to be recognized on the Company's advances to a stockholder, receivable from a third party and advances to contractor as at December 31, 2015 and 2014 (see Notes 8, 9 and 11).

(b) Determining Realizable Amount of Deferred Tax Assets

The Company reviews its deferred tax assets at the end of each reporting period and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

As at December 31, 2015 and 2014, the Company did not recognize any deferred tax asset as the Company may not have sufficient taxable profits against which it can be applied (see Note 14).

(c) Impairment of Non-financial Assets

In assessing impairment, management estimates the recoverable amount of each asset or a cash-generating unit based on expected future cash flows and uses an interest rate to calculate the present value of those cash flows. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate (see Note 2.11). Though management believes that the assumptions used in the estimation of fair values reflected in the financial statements are appropriate and reasonable, significant changes in those assumptions may materially affect the assessment of recoverable values and any resulting impairment loss could have a material adverse effect on the results of operations.

Based on management assessment, no impairment losses were recognized on the Company's office furniture and other non-financial assets in 2015 and 2014, except for the deposit for future stock investment in which the Company recognized a loss on cancellation of an agreement in 2015 (see Note 9).

4. RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to a variety of financial risks which result from its use of financial instruments. The Company's risk management is coordinated in close cooperation with the Board of Directors (BOD), and focuses on actively securing the Company's short- to medium-term cash flows by minimizing the exposure to financial markets.

The Company does not engage in the trading of financial assets for speculative purposes nor does it write options. The Company has no significant exposure to foreign currency risk since it has no financial assets and financial liabilities that are denominated in foreign currency. The most significant financial risks to which the Company is exposed to are described below and in the succeeding page.

4.1 Interest Rate Sensitivity

As at December 31, 2015 and 2014, the Company is exposed to changes in market interest rates through its cash in bank, which are subject to variable interest rates (see Note 7). All other financial assets and liabilities have fixed rates or are noninterest-bearing.

These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at the end of each reporting period that are sensitive to changes in interest rates. All other variables are held constant.

	2015		2014	
	+59	-59	+15	-15
Basis points				
Loss before tax	(P 77,311) P 77,311	(P 61,849) P 61,849	(P 568) P 454	568 454
Equity				

4.2 Credit Risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for its financial assets.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown in the statements of financial position or in the detailed analysis provided in the notes to the financial statements, as summarized below.

	Notes	2015	2014
Cash	7	P 13,107,516	P 383,754
Advances to a stockholder	11.1	1,857,076	2,457,076
Receivable from a third party	8	3,500,000	-
Advances to contractor	8	1,108,560	-
		<u>P 19,573,152</u>	<u>P 2,840,830</u>

The above represent the carrying amounts of financial assets of the Company categorized as loans and receivables. None of the Company's financial assets are secured by collateral or other credit enhancements, except for cash as described in the succeeding page.

(a) *Cash*

The credit risk for cash is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash are cash in banks which are insured by the Philippine Deposit Insurance Corporation (PDIC) up to a maximum coverage of P0.5 million for every depositor per banking institution. The amount of cash on hand excluded from this insurance to PDIC amounted to P4,000 and P5,000 in 2015 and 2014, respectively.

(b) *Advances to a Stockholder*

The credit risk for advances to a stockholder is considered negligible, since the counterparty is a related party. No impairment loss has been recorded in relation to advances to a stockholder as management had assessed that this is fully collectible.

(c) *Receivable from a Third Party and Advances to Contractor*

The credit risk for receivable from a third party and advances to contractor is considered negligible, since the parties are bound to one another. No impairment loss has been recorded in relation to these items as management had assessed that these are fully collectible. The advances to contractor was identified to be a financial asset only in 2015 (see Note 8).

4.3 Liquidity Risk

The Company manages its liquidity needs by obtaining additional advances from stockholders.

As at December 31, 2015 and 2014, the Company's financial liabilities amounting to P1,466,704 and P702,488, respectively, have contractual maturities of less than twelve months.

5. CATEGORIES AND FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

5.1 Carrying Amounts and Fair Values by Category

The carrying amounts and fair values of the categories of the Company's financial assets and financial liabilities presented in the statements of financial position are shown below.

Notes	2015		2014	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
<i>Financial assets</i>				
Loans and receivables:

See Notes 2.3 and 2.7 for a description of the accounting policies for each category of financial instruments. A description of the Company's risk management objectives and policies for financial instruments is provided in Note 4.

5.2 Fair Value Hierarchy

In accordance with PFRS 13, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and,
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the asset and liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

For investments which do not have quoted market price, the fair value is determined by using generally acceptable pricing models and valuation techniques or by reference to the current market of another instrument which is substantially the same after taking into account the related credit risk of counterparties, or is calculated based on the expected cash flows of the underlying net asset base of the instrument.

When the Company uses valuation technique, it maximizes the use of observable market data where it is available and relies as little as possible on entity specific estimates. If all significant inputs required to determine the fair value of an instrument are observable, the instrument is included in Level 2. Otherwise, it is included in Level 3.

There were no outstanding financial assets or financial liabilities measured at fair value as at December 31, 2015 and 2014.

5.3 Financial Instruments Measured at Amortized Cost for which Fair Value is Disclosed

The table below summarizes the fair value hierarchy of the Company's financial assets and financial liabilities which are not measured at fair value in the statements of financial position but for which fair value is disclosed.

Notes	2015				
	Level 1	Level 2	Level 3	Total	
<i>Financial Assets</i>					
Loans and receivables:

<i>Financial Liabilities</i>					
At amortized cost -					
Accounts payable and accrued expenses		P -	P -	P 702,488	P 702,488

The fair values of the financial assets and financial liabilities included in Level 3 above, which are not traded in an active market, is calculated based on the expected cash flows of the underlying net asset base of the instrument.

6. CAPITAL MANAGEMENT OBJECTIVES, POLICIES AND PROCEDURES

The Company's capital management objective is to ensure the Company's ability to continue as a going concern entity.

The Company monitors capital on the basis of the carrying amount of equity as presented on the statements of financial position.

The Company sets the amount of capital in proportion to its overall financing structure, i.e., equity and financial liabilities. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may issue new shares.

The Company's debt-to-equity ratio as at December 31 follows:

	<u>2015</u>	<u>2014</u>
Total liabilities	P 1,548,480	P 786,218
Total equity	<u>21,009,622</u>	<u>43,088,947</u>
Debt-to-equity ratio	<u>0.074 : 1.00</u>	<u>0.018 : 1.00</u>

As discussed in Note 1.2, the Company, being a holding company, is in the process of looking for other opportunities in the various business sectors.

7. CASH

The Company's cash mainly comprises of cash in banks which generally earn interest based on daily bank deposit rates. Total interest income earned from these deposits amounted to P47,760, P762 and P5,483 in 2015, 2014 and 2013, respectively, and are presented as Interest Income in the statements of profit or loss.

8. OTHER CURRENT ASSETS

This account is composed of the following:

	Notes	<u>2015</u>	<u>2014</u>
Receivable from a third party	9	P 3,500,000	P -
Input value-added tax (VAT)	17.1(b)	2,936,647	2,874,020
Advances to contractor		1,108,560	1,108,560
Others		<u>48,085</u>	<u>48,085</u>
		<u>P 7,593,292</u>	<u>P 4,030,665</u>

Advances to contractor pertain to cash advances made to certain contractor. The significant portion of the advances is in relation to a survey of a prospect coal project in 2012. These remained outstanding as at December 31, 2014 as there was no progress in the project as at that date. As at December 31, 2015, management believes that these advances are still collectible in cash from the contractor even the agreement pertaining to the coal project has been terminated on the same year (see Note 9).

9. DEPOSIT FOR FUTURE STOCK INVESTMENT

This account pertains to the amount of deposits made in 2009 to Abacus Consolidated Resources Holdings, Inc. (ACRHI) for the Company's 100% acquisition of Abacus Coal Exploration and Development Corporation (ABACOAL), pursuant to the Agreement for Joint Investment (the Agreement) executed by the Company and MUSX Corporation [MUSX and formerly Music Semiconductors Corporation (MSC)] on September 24, 2008 with certain amendments made on May 21, 2009 for the joint purchase by the Company and MUSX of the 100% of the issued and outstanding shares of ABACOAL held by ACRHI. As at December 31, 2014, the Agreement was still valid and binding between both parties and the deposit for future stock investment amounted to P37.0 million as at that date (see Note 15.1).

On July 21, 2015, the Company agreed with ACRHI and ABACOAL to cancel the Agreement. The Company tried to have the merger with ACRHI approved by its stockholders but the same was not achieved for lack of quorum during the annual stockholders' meetings called for the last three years. In consideration of signing the Cancellation Agreement, ACRHI shall pay the Company a portion of the deposit for future stock investment amounting to P17.0 million. Accordingly, the Company recognized a loss of P20.0 million for the unrecovered portion which is presented as Loss on Cancellation of an Agreement in the 2015 statement of profit or loss. As at December 31, 2015, P13.5 million was already paid to the Company while the remaining P3.5 million was recognized and presented as Receivable from a third party under the Other Current Assets account in the 2015 statement of financial position (see Note 8).

Management had determined that the amount of receivable from a third party as at December 31, 2015 is fully recoverable; hence, no impairment loss is recognized during the year.

10. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

This account is composed of the following:

	Notes		2015		2014
Accrued expenses	11.2	P	1,466,704	P	699,439
Income tax payable	14		61		-
Advances from third parties			-		3,049
Others			81,715		83,730
		P	1,548,480	P	786,218

Accrued expenses mainly comprise of legal and professional fees.

On May 31, 2009, the Company and Oriental Vision Mining Philippines Corporation (Orvi) entered into a Memorandum of Agreement (MOA) whereby Orvi will undertake exploration and development of a 7,000-hectare coal property in Surigao del Sur owned by ABACOAL. Under the MOA, Orvi shall have the right to explore, develop and operate the subject coal property in exchange for royalty fee at 8% of gross price per ton of any coal to be mined in the property. In addition, Orvi paid the Company P25,000,000 representing reimbursement of the Company's advances made and to be made to third parties related to the initial exploration and development of the coal property. Any settlement in excess of the P25,000,000 shall be collectible from Orvi and any excess of the P25,000,000 over the settlement made shall be payable to Orvi. The remaining long outstanding liability as at December 31, 2014, shown as Advances from third parties, amounting to P3,049 was reversed in 2015 due to termination of the coal project. The related gain on reversal of liability is presented as Derecognition of a Liability in the 2015 statement of profit or loss.

11. RELATED PARTY TRANSACTIONS

The Company's related party includes its stockholders and key management personnel.

11.1 Advances to a Stockholder

In 2015 and 2014, the Company granted noninterest-bearing advances to a stockholder for working capital purposes. The advances to a stockholder are unsecured and are due and collectible upon demand. These advances are generally settled in cash.

The movements in the balance of advances to a stockholder, shown as Advances to a Stockholder account in the statements of financial position as at December 31, are as follows:

	<u>2015</u>	<u>2014</u>
Balance at beginning of year	P <u>2,457,076</u>	P 3,626,772
Collections	(<u>600,000</u>)	(1,169,696)
Balance at end of year	<u>P 1,857,076</u>	<u>P 2,457,076</u>

Based on management's assessment, the outstanding balance of the Company's advances to a stockholder is not impaired as at December 31, 2015 and 2014; hence, no impairment loss is recognized during those years.

11.2 Legal Services

Legal services rendered by certain officers of the Company amounted to P1,118,889 in 2015, P730,000 in 2014 and P920,000 in 2013 and is presented as Legal Fees in the statements of profit or loss. Total outstanding balances related to these transactions amounting to P1,017,000 and P657,000 as at December 31, 2015 and 2014 are presented as part of Accrued expenses under the Accounts Payable and Accrued Expenses account in the statements of financial position (see Note 10).

11.3 Key Management Personnel Compensation

Key management personnel compensation amounted to P80,000 in 2015, P260,000 in 2014 and P598,400 in 2013 and is presented as part of Salaries and Wages in the statements of profit or loss.

12. CAPITAL STOCK

The Company's authorized capital stock consists of 1.0 billion shares at P0.10 par value per share. Issued and outstanding shares as at December 31, 2015, 2014 and 2013 consisted of 740.0 million shares equivalent to P74.0 million.

On May 26, 1989, the SEC approved the listing of the Company's shares. As at December 31, 2015, 88.45% of the issued and outstanding shares are held by the public. Such listed shares closed at P0.69 per share as at December 28, 2015.

In a special meeting of the BOD held on November 6, 2009, the BOD approved the following:

- (i) Proposed reduction in the par value of the shares of stock of the Company from P1.00 to P0.10 per share, resulting in a stock split of 10 shares for every one share issued and an increase in the number of authorized capital stock from 100.0 million shares to 1.0 billion shares. A share buy-back program was also adopted, which will depend on the Company's retained earnings and the market price of the Company's shares under such terms and conditions to be determined and set by the BOD.
- (ii) Proposed increase in the authorized capital stock of the Company from P100.0 million divided into 100.0 million shares at P1.00 par value per share to P300.0 million divided into 3.0 billion shares at P0.10 par value per share.
- (iii) Issuance of shares of stock from the proposed capital increase through pre-emptive stock rights offering. The pre-emptive stock rights offering shall be implemented on a 1:1 proportion, i.e., one share held by qualified stockholders entitled the said stockholders to subscribe to one share under the offering. The stock rights offer price shall be at par of P0.10, representing the reduced par value of the shares at the expected time of the stock rights offering, or at P1.00 if the stock rights offering happens at the time prior to the reduction in the par value of the shares.

The foregoing proposed transactions were approved by the Company's stockholders in their annual meeting on December 17, 2009.

On September 14, 2010, the SEC approved the reduction in the par value of the shares of stock of the Company from P1.00 to P0.10. In effect, the authorized capital stock shall be P100.0 million divided into 1.0 billion shares.

Further, in a meeting held on November 3, 2010, the BOD and stockholders approved the proposed reduction in the par value of the shares of stock of the Company from P0.10 to P0.01 per share resulting in a stock split of ten shares for every one share owned. However, the application for the reduction in par value has not been submitted to the SEC as at December 31, 2015.

13. LOSS PER SHARE

Loss per share is computed as follows:

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Net loss	P 22,079,325	P 1,959,374	P 3,230,677
Divided by the weighted average number of outstanding common shares	<u>740,000,000</u>	<u>740,000,000</u>	<u>740,000,000</u>
Loss per share	P 0.030	P 0.003	P 0.004

The Company has no potentially dilutive instruments; thus, basic and dilutive earnings per share are the same.

14. INCOME TAXES

The components of tax expense reported in profit or loss are as follows:

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Final tax at 20%	P 9,552	P 152	P 1,097
Minimum corporate income tax (MCIT) at 2%	<u>61</u>	<u>-</u>	<u>-</u>
	P 9,613	P 152	P 1,097

A reconciliation of tax on pretax loss computed at the applicable statutory rates to tax expense reported in the statements of profit or loss follows:

	<u>2015</u>	<u>2014</u>	<u>2013</u>
Tax on pretax loss at 30%	(P 6,620,914)	(P 587,767)	(P 968,874)
Adjustment for income subjected to lower tax rate	(4,776)	(76)	(549)
Tax effects of:			
Unrecognized deferred taxes	6,590,863	544,353	805,450
Non-deductible expenses	<u>44,440</u>	<u>43,642</u>	<u>165,070</u>
Tax expense	P 9,613	P 152	P 1,097

The Company is subject to MCIT which is computed at 2% of gross income, as defined under tax regulations, or regular corporate income tax (RCIT), whichever is higher. The Company reported MCIT of P61 in 2015 since MCIT was higher than RCIT while no MCIT was reported in 2014 and 2013 since the Company is in gross loss position in those years. The MCIT incurred in 2015 is valid until 2018.

The Company did not recognize any deferred tax asset from MCIT and net operating loss carryover (NOLCO) as at December 31, 2015 and 2014 since it is doubtful that the Company will have sufficient taxable profit against which the deferred tax assets can be utilized. The amounts of unrecognized deferred tax assets as at December 31, 2015 and 2014 amounted to P7,940,665 and P2,544,082, respectively.

The breakdown of NOLCO, which can be claimed as deduction from future taxable income within three years from the year the taxable loss was incurred, is shown below.

Year Incurred		Original Amount		Expired Balance		Remaining Balance	Valid Until
2015	P	21,969,339	P	-	P	21,969,339	2018
2014		1,814,509		-		1,814,509	2017
2013		2,684,832		-		2,684,832	2016
2012		3,980,933		3,980,933		-	
	P	30,449,613	P	3,980,933	P	26,468,680	

In 2015, 2014 and 2013, the Company opted to continue claiming itemized deductions for income tax purposes.

15. AGREEMENT FOR JOINT INVESTMENT

15.1 Purchase of ABACOAL Shares

On September 24, 2008, the Company and MUSX agreed to purchase 100% of the outstanding and issued shares of ABACOAL held by ACRHI, including the Coal Operating Contract covering 7,000 hectare property at Mimi Tandag, Surigao del Sur (the Coal Property) assigned by ACRHI to ABACOAL. MUSX and the Company shall acquire 55% and 45% participation and equity interest, respectively, in ABACOAL and the Coal Property. Unit price per stock of MUSX and the Company shall be equivalent to the 90-day moving average of the shares prior to Date of Subscription or Share Purchase Agreements.

On May 21, 2009, the Company, MUSX and ACRHI amended the agreement with the following revised terms and conditions:

(a) Assignment of Investment Interests and Participation

MUSX hereby assigns its right to acquire 55% participation and equity interest in ABACOAL and the coal property to the Company. As a result of the assignment, the Company shall have the right to acquire 100% participation and equity interest in ABACOAL and the coal property.

(b) *Consideration for the Assignment*

The Company shall pay MUSX the following consideration for the assignment of the right to acquire 55% participation and equity interest in ABACOAL:

- (1) P12.0 million upon signing of the Agreement as and by way of reimbursement of certain expenses and payments already made by MUSX into the ABACOAL project;
- (2) P10.0 million on or before December 31, 2009, as and by way of reimbursement of the remainder of the expenses and payments already made and advanced by MUSX into the Project; and,
- (3) One-fourth percent (0.25%) of the gross coal price per ton based on FOB loaded to vessel payable within 5 days from receipt of payment by the Company, as and by way of Royalties in the project. These royalty payments are payable only for the period of the first five years of the operations of the ABACOAL project.

The P12.0 million and P10.0 million are recorded as part of Deposit for Future Stock Investment in the 2014 statement of financial position. Moreover, the Company made an additional deposit amounting to P5.0 million as part of the pending acquisition by the Company of ABACOAL (see Note 9).

On February 21, 2011, the Company paid MUSX the amount of P10.0 million by way of full and final payment of any and all of its obligation. As a result, the Company has fully complied with its entire obligation to MUSX as the latter waived in full any and all other possible collectibles from the Company as a result of the above agreements, including but not limited to the percentage shares in the sales of ABACOAL upon the operation, thereof.

In addition to the foregoing, the Company shall have the exclusive right to create a Management Group to manage the development and production of the coal property to protect the interests of the parties therein (see Note 9).

15.2 Acquisition of Coal Property and Plan of Merger

On November 3, 2010, ABACOAL and the Company further revised the terms of the agreement. In the revised agreement, the Company shall acquire the Coal Property and all the other assets and liabilities of ABACOAL by and through a merger, with the Company as the surviving entity. By virtue of said merger, the Company shall issue 250,000,000 new common shares at a par value of P0.10 and an agreed issue value of P0.90 to ABACOAL. The Company undertakes to list the said shares with the PSE. These terms and conditions shall be incorporated in a Merger Agreement and Plan of Merger which ABACOAL and the Company agree to execute at the proper time. As part of the agreement, the Company shall make staggered cash payments to ABACOAL which shall be deemed as constituting a participation in operating revenues from the Coal Property in the total amount of P75.0 million, payable as follows:

- (1) P30.0 million advance deposit on ABACOAL's participation due on September 24, 2008, June 1, 2009 and June 8, 2009; and,

(2) Amounts to be paid upon and to be taken from the sale of the first production of coal products from the Coal Property:

- a. P20.0 million upon consummation of said first sale of coal products; and,
- b. P25.0 million payable thirty days from consummation of said first sale of coal products.

As at December 31, 2014, the agreement relating to the purchase of ABACOAL shares was still valid and binding while the agreement relating to the merger between the Company and ABACOAL was not yet executed pending approval from the stockholders of both entities and no payment has been made to ABACOAL.

On July 21, 2015, these agreements with ACRHI and ABACOAL were cancelled (see Note 9).

16. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Company makes various commitments and incurs certain contingent liabilities that are not given recognition in the financial statements. As at December 31, 2015, management believes that losses, if any, that may arise from these commitments and contingencies will not have any material effect on the financial statements.

17. SUPPLEMENTARY INFORMATION REQUIRED BY THE BUREAU OF INTERNAL REVENUE

Presented below is the supplementary information which is required by the Bureau of Internal Revenue (BIR) under its existing revenue regulations to be disclosed as part of the notes to financial statements. This supplementary information is not a required disclosure under PFRS.

PART I – BUSINESS AND GENERAL INFORMATION

Item 1. Business

On January 3, 1974, Lodestar Mining Corporation (now Lodestar Investment Holdings Corporation) (“LIHC” or the Company”) was incorporated in the Philippines and established primarily as a mining and natural resources exploration company. The Company was engaged in the development of several gold and chromite mining claims in Masbate, Cebu, Negros Occidental and Palawan.

In 1988, the Company filed an application for listing of its 30,000,000 common shares with the Philippine Stock Exchange (“PSE”) formerly known as the Manila and Makati Stock Exchanges. On October 11, 1988, the SEC issued to the Company a Certificate of Permit to Offer Securities for Sale and rendered the Registration Statement to be effective. The Company was able to complete its initial public offering and the listing of the Company’s shares was made effective on May 26, 1989.

In October 2003, the name and primary purpose of the Company were changed to reflect a change from a mining company to an investment holding company, among others. On September 23, 2003, the Board of Directors filed with the SEC the proposed amendments to the Company’s Articles of Incorporation and By-laws.

On July 7, 2005, the Board of Directors approved the write-off of the aforementioned mining properties or claims in its financial statement as of June 30, 2005. The mining properties were reviewed as to impairment in accordance with SFAS 36/IAS 36: Impairment of Assets.

The Board of Directors, during its special meeting held on October 28, 2008, approved the private placement offering of 12,694,000 LIHC shares at the price of ₱ 2.50 per share. On 12 December 2008, the stockholders of the Company likewise approved the capital increase of the Company from ₱50,000,000.00 divided into 50,000,000 shares at ₱1.00 per share to ₱100,000,000.00 divided into 100,000,000 shares at ₱1.00 per share. In line with this application for capital increase, the Board of Directors of the Company, during its special meeting held on 13 March 2009, approved the private placement offering of 14,000,000 shares at the price of ₱1.20 per share. Said private placement funded the increase in authorized capital stock.

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. (“ABACON”) and Musx Corporation (“Musx”) for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal Exploration and Development Corporation (“ABACOAL”) with a sharing arrangement of fifty five percent (55%) for Musx and forty five (45%) for the Company. The Company and Musx have likewise entered into an Agreement for Joint Investment whereby the investment parameters for such investment into ABACOAL were set forth.

On May 21, 2009, the Company executed an Amendment to the Agreement for Joint Investment with Musx Corporation. The amendment primarily consists in the assignment to the Company of Musx’s fifty five percent (55%) interest in ABACOAL subject to the terms and conditions provided in the said agreement. As a result, the Company acquired the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL which necessitated a bigger capital expenditure on the part of the Company.

On May 31, 2009, the Company executed a Memorandum of Agreement with Oriental Vision Mining Corporation (“Oriental”) to undertake exploration and development activities of the coal properties of ABACOAL Under the agreement, Oriental shall develop and operate the Coal Property

and pay the Company a royalty fee of Eight Percent (8%) of gross coal price per ton based on FOB loaded to vessel.

On July 21, 2015, the Company entered into Cancellation of the Heads of Agreement and Allied Contracts with Abacus consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meetings called for the last three (3) years.

On September 14, 2010, the Securities and Exchange Commission approved the reduction in the par value of the shares of stock of the Company from One Peso (₱ 1.00) to Ten Centavos (₱0.10), thereby, adjusting the authorized capital stock to one billion (1,000,000,000) common shares of which seven hundred forty million (740,000,000) shares have been subscribed.

On December 22, 2010, the stockholders during its annual meeting approved the proposed reduction in the par value of the shares of stock of the Company from Ten Centavos (₱0.10) per share to One Centavo (₱0.01) per share resulting in a stock split of ten (10) shares for every one (1) share owned. This plan to reduce the par value of the Company's shares of stock is not yet implemented.

The Company has never been engaged in any bankruptcy, receivership or other similar proceedings. Neither has the Company undergone any material reclassification, merger, consolidation or purchase or sale of a significant amount of assets not in the ordinary course of business.

Item 2. Properties

The Company has no real properties. The Company likewise no longer has any contractual interest over ABACOAL as a result of the cancellation of the Heads of Agreement and its allied contracts.

Item 3. Legal Proceedings

The Company has never been a subject or party to any legal proceeding, material or otherwise. Neither is any property of the Company a subject to any legal proceeding, material or otherwise.

Item 4. Submission of Matters to a Vote of Security Holders

During the Annual Stockholders' Meeting of 22 December 2010, Stockholders representing a total of 504,033,000 shares or 68.1126% of the outstanding capital stock of the Company approved the proposed reduction in the par value of the shares of stock of the Company from Ten Centavos (₱0.10) per share to One Centavo (₱ 0.01) per share resulting in a stock split of ten (10) shares for every one (1) share owned. This plan of reduction in the par value of the shares of stock of the Company is not yet implemented.

Item 6. Management's Discussion and Analysis or Plan of Operation

On July 21, 2015, the company entered into Cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC stockholders for lack of quorum during the Annual Shareholder's Meetings called for the last three (3) years.

The Company thus no longer has any contractual interest over ABACOAL as a result of the cancellation of the Heads of Agreement and its allied contracts.

Business Plan:

Still in line with the primary purpose of the Company as a holdings corporation, business outlook for 2016 is geared towards looking for other business ventures. Thus, the Company may again tap into various sources to look for opportunities in the various business sectors that are viable, growing and profitable. The Company's strategy will be to invest-buy-in or acquire businesses where the Company will at least own a significant stake or interest of the investee Company's outstanding capital. The said investment amount will allow the Company to recognize its proportionate share of the equitized earnings from its investee companies.

Within the next twelve (12) months, subject to SEC approval, , the Company will implement the increase in its authorized Capital. This capital raising plan is intended to provide the Company investable funds and working capital for prospective projects. Specifics of such deals, if any, will be properly disclosed in accordance with the continuing disclosure requirements of the SEC and the PSE.

Likewise, for the next twelve (12) months, the Company's cash requirements will be satisfied from the proceeds/collection of advances from stockholders.

Full Fiscal Years

Calendar Year 2015

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. (“ABACON”) and Musx Corporation (“Musx”) for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal and Exploration and Development Corporation (“ABACOAL”). The joint acquisition was amended on May 21, 2009 whereby the Company acquires the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL.

On July 21, 2015, the Company entered into Cancellation of the Head of Agreement and allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and ABACOAL. The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder’s Meetings called for the last three (3) years. In consideration of signing the Cancellation Agreement, ABACORE shall pay the Company a portion of the deposit for future stock investment amounting to ₱17.0 million. Accordingly, the Company recognized a loss of ₱20.0 million for the unrecovered portion which is presented as Loss on Cancellation of an Agreement. Partial payment of ₱13.5 million contributed to the increase in cash while the balance was presented as collectible.

The reported interest income earned on bank accounts amounting to ₱47,760 was ₱46,998 or 6,168% higher than the interest recorded for the year 2014 of ₱ 762. The increase was due mainly to additional cash as a result of cancellation of heads of agreement by and between Lodestar, ABACOAL and ABACORE. Other income of ₱ 3,049 was derived from reversal of long outstanding liability.

The ₦2.12 million operating expenses for 2015 was 8.19% or ₦ 160.54 thousand higher when compared to 2014 expenses amounting to ₦1.96 million. The increase was attributed to the net effect of following expenses:

1. Legal Fees – 53.27% or ₦388.89 thousand higher from ₦730 thousand in 2014 to ₦1.12 million in 2015 due to legal fees incurred for cancellation of various contracts related to ABACOAL.
2. Salaries and Employee benefits – 68.51% or ₦190.99 thousand lower.
3. Director's fees – 14.29% or ₦ 16.66 thousand higher from ₦116.67 thousand in 2014 to ₦133.33 thousand in 2015 due to higher number of attendees.
4. Office supplies and other expenses – 48.73% or ₦ 37.46 thousand lower from ₦ 76.87 thousand in 2014 to ₦39.41 thousand in 2015.
5. Professional Fees – 8.79% or ₦ 13.11 thousand lower from ₦149.11 thousand in 2014 to ₦136 thousand in 2015 due to cancellation of a contract with a professional.
6. Representation Expense – 48.62% or ₦14.01 thousand lower from ₦ 28.81 thousand in 2014 to ₦ 14.8 thousand in 2015.
7. Transportation and Travel expenses – 66.40% or ₦3.56 thousand lower from ₦5.36 thousand in 2014 to ₦1.8 thousand in 2015.
8. Printing – 21.53% or ₦14.01 thousand increase from ₦ 65.06 thousand in 2014 to ₦ 79.07 thousand in 2015.
9. Taxes and Licenses – 0.66% or ₦0.1 thousand increase from ₦ 15.07 thousand in 2014 to ₦ 15.17 thousand in 2015.

The cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts entails returned of payments made amounting to ₦ 17 million resulting to additional cash input of ₦13.5 million, receivables of ₦ 3.5 million and losses aggregating ₦20 million.

The above mentioned additional cash input net of expenses incurred during the year contributed to an increase in cash and cash equivalents of ₦ 12.72 million, from ₦ 383.75 thousand in 2014 to ₦ 13.11 million in 2015.

Likewise, this transaction plus a minimal increase in input vat of ₦ 62.6 thousand contributed to an increase in other current assets of ₦3.56 million.

Partial settlement of ₦0.6 million by a stockholder resulted to a decrease in advances from stockholder, from ₦ 2.46 million as of Dec. 2014 to ₦ 1.86 million in 2015.

Total liabilities of ₦ 1.55 million in 2015 is 96.95% or ₦ 762.26 thousand higher when compared to 2014 balances of only ₦ 786.22 thousand. The increase is due to additional legal fees incurred during the year.

Operating expenses net of interest earned from bank deposits and reversal of miscellaneous deposit plus other losses amounting to ₦20 million resulted to a net reduction in equity of ₦ 22.08 million, from ₦ 43.09 million in 2014 to ₦ 21.01 million in 2015.

There are no known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the Company's liquidity increasing or decreasing in any material way.

There are no material off-balance sheet transactions, arrangements, obligations (including contingent

obligation), and other relationships of the Company with unconsolidated entities or other persons created during the year.

There are no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

There are no seasonal aspects that had a material effect on the Company's financial condition or results of operations.

There are no material events and uncertainties known to management that would address the past and would have an impact on future operations of the Registrant

Calendar Year 2014

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. ("ABACON") and Musx Corporation ("Musx") for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal and Exploration and Development Corporation ("ABACOAL"). The joint acquisition was amended on May 21, 2009 whereby the Company acquires the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL.

On July 21, 2015, the Company entered into Cancellation of the Head of Agreement and allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and ABACOAL. The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meetings called for the last three (3) years.

For 2014, reported interest income earned on bank accounts amounting to ₦762 was ₦4,721 or 86.10% lower than the interest recorded for the year 2013 of ₦ 5,483.

The ₦1.96 million operating expenses for 2014 was 39.41% or ₦ 1.27 million lower when compared to 2013 expenses amounting to ₦3.23 million . The decrease was attributed to the net effect of the following expenses:

1. Audit Fees – 4.88% or ₦11 thousand higher from ₦230 thousand in 2013 to ₦241 thousand in 2014 due to higher audit fees for 2014.
2. Salaries and Employee benefits – 55.59% or ₦349 thousand lower.
3. Director's fees – 16.00% or ₦ 22 thousand lower from ₦139 thousand in 2013 to ₦117 thousand in 2014 due to lesser board meetings conducted during the year.
4. Office supplies and other expenses – 38.51% or ₦ 69 thousand lower from ₦ 179 thousand in 2013 to ₦110 thousand in 2014.
5. Professional Fees – 61.92% or ₦ 242 thousand lower from ₦392 thousand in 2013 to ₦149 thousand in 2014 due to cancellation of contracts of a professional.
6. Repairs and Maintenance – 100% or ₦6 thousand incurred in 2014 and nil in 2013.
7. Representation Expense – 93.00% or ₦382 thousand lower from ₦ 411 thousand in 2013 to ₦ 29 thousand in 2014. This expense is relative to the Company's COC 148 which is now into development and production phase.
8. Transportation and Travel expenses –91.02% or ₦54 thousand lower from ₦59 thousand in 2013 to ₦5 thousand in 2014.
9. Depreciation – 67.92% or ₦7 thousand lower.

10. Insurance – 141.74% or ₦ 17 thousand higher from ₦ 12 thousand 2013 to ₦ 29 thousand in 2014.
11. Legal fees – 20.65% or ₦ 190 thousand lower from ₦ 920 thousand in 2013 to ₦ 730 thousand in 2014.
12. Taxes and Licenses – 27.62% or ₦ 3 thousand increase from ₦ 12 thousand in 2013 to ₦ 15 thousand in 2014.

The above expenses contributed to a decrease in cash and cash equivalents from ₦490 thousand in 2013 to ₦ 384 thousand in 2013.

Other current assets increased by ₦51 thousand due to input vat from purchase of goods and services net of decrease in receivables.

Partial settlement of ₦1.17 million by a stockholder resulted to a decrease in advances from stockholder, from ₦ 3.63 million as at Dec. 2013 to ₦ 2.46 million in 2014.

Total liabilities of ₦ 786 thousand in 2014 is 1,321.60% or ₦ 731 thousand higher when compared to 2013 balances of only ₦ 55 thousand. The increase is due to unsettled legal fees.

- f) There are no significant elements of income or loss that did not arise from the Company’s continuing operations;
- h) No seasonal or cyclical factor that affected this quarter’s interim operations.

Item 2. Management's Discussion and Analysis (MD&A) or Plan of Operations

Plan of Operation

Part III, Paragraph (A) of Annex "C" of the Securities Regulation Code under Rule 12 states that the information under subparagraph (2) thereof is required for companies that are operational and had revenues from its operations. In this light, the foregoing information only tackles Part III, Paragraph (A) (1) of Annex "C", insofar as applicable.

Business

On January 3, 1974, Lodestar Mining Corporation (now Lodestar Investment Holdings Corporation) ("LIHC" or the Company") was incorporated in the Philippines and established primarily as a mining and natural resources exploration company. The Company was engaged in the development of several gold and chromite mining claims in Masbate, Cebu, Negros Occidental and Palawan.

In 1988, the Company filed an application for listing of its 30,000,000 common shares with the Philippine Stock Exchange ("PSE") formerly known as the Manila and Makati Stock Exchanges. On October 11, 1988, the SEC issued to the Company a Certificate of Permit to Offer Securities for Sale and rendered the Registration Statement to be effective. The Company was able to complete its initial public offering and the listing of the Company's shares was made effective on May 26, 1989.

In October 2003, the name and primary purpose of the Company were changed to reflect a change from a mining company to an investment holding company, among others. On September 23, 2003, the Board of Directors filed with the SEC the proposed amendments to the Company's Articles of Incorporation and By-laws. As an investment holding company, the Company will have flexibility in pursuing new business ventures that would enhance shareholder value over time.

On July 7, 2005, the Board of Directors approved the write-off of the aforementioned mining properties or claims in its financial statement as of June 30, 2005. The mining properties were reviewed as to impairment in accordance with SFAS 36/IAS 36: Impairment of Assets.

The Board of Directors, during its special meeting held on October 28, 2008, approved the private placement offering of 12,694,000 LIHC shares at the price of ₱ 2.50 per share. On 12 December 2008, the stockholders of the Company likewise approved the capital increase of the Company from ₱50,000,000.00 divided into 50,000,000 shares at ₱1.00 per share to ₱100,000,000.00 divided into 100,000,000 shares at ₱1.00 per share. In line with this application for capital increase, the Board of Directors of the Company, during its special meeting held on 13 March 2009, approved the private placement offering of 14,000,000 shares at the price of ₱1.20 per share. Said private placement funded the increase in authorized capital stock.

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. ("ABACON") and Musx Corporation ("Musx") for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal Exploration and Development Corporation ("ABACOAL") with a sharing arrangement of fifty five percent (55%) for Musix and forty five (45%) for the Company. The Company and Musx have likewise entered into an Agreement for Joint Investment whereby the investment parameters for such investment into ABACOAL were set forth.

On May 21, 2009, the Company executed an Amendment to the Agreement for Joint Investment with Musx Corporation. The amendment primarily consists in the assignment to the Company of Musx's fifty five percent (55%) interest in ABACOAL subject to the terms and conditions provided in the said agreement. As a result, the Company acquired the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL which necessitated a bigger capital expenditure on the part of the Company.

On May 31, 2009, the Company executed a Memorandum of Agreement with Oriental Vision Mining Corporation ("Oriental") to undertake exploration and development activities of the coal properties of ABACOAL Under the agreement, Oriental shall develop and operate the Coal Property and pay the Company a royalty fee of Eight Percent (8%) of gross coal price per ton based on FOB loaded to vessel.

On July 21, 2015, the Company entered into Cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meeting called for the last three (3) years.

The Company thus, no longer has any contractual interest over ABACOAL as a result of the cancellation of other Heads of Agreement and its allied contracts.

Business Plan:

Still in line with the primary purpose of the Company as a holdings corporation, business outlook for 2016 is geared towards looking for other business ventures. Thus, the Company may again tap into various sources to look for opportunities in the various business sectors that are viable, growing and profitable. The Company's strategy will be to invest-buy-in or acquire businesses where the Company will at least own a significant stake or interest of the investee Company's outstanding capital. The said investment amount will allow the Company to recognize its proportionate share of the equitized earnings from its investee companies.

Within the next nine (9) months, subject to SEC approval, the Company will implement the increase in its authorized Capital. This capital raising plan is intended to provide the Company investable funds and working capital for prospective projects. Specifics of such deals, if any, will be properly disclosed in accordance with the continuing disclosure requirements of the SEC and the PSE.

Likewise, for the next nine (9) months, the Company's cash requirements will be satisfied from the proceeds/collection of Advances from stockholders.

Management's Discussion and Analysis for the Interim Period Ended March 31, 2016 as compared with March 31, 2015:

Revenues

The Company did not earn any revenue during the three-month period ended March 31, 2016 as it has not undertaken commercial operations.

Operating Expenses

Operating expenses decreased by ₱43.41 thousand or 9.76% from ₱ 444.56 thousand in March 2014 to ₱401.15 thousand in March 2015 due to nil salaries and benefits expense incurred during the current year.

Net Loss

After deducting interest income from regular savings account, the Company posted a net loss of ₦384.75 thousand for the period ended March 2016 which is 13.42% or ₦59.63 thousand lower as compared to net loss of ₦444.38 thousand for the same period in 2015.

Financial Condition

The Company's Total Assets comprising of Current Assets amount to ₦22.18 million which is 1.68% or ₦0.38 million lower than that of March 31, 2015 balance amounting to ₦22.56 million. Total Assets on March 31, 2016 is comprised of ₦12.70 Million Cash, ₦ 1.86 million advances to a stockholder and ₦7.62 million Other Current Asset.

The Company's Total Liabilities were comprised of accounts payable and accrued expenses. The Total Liabilities increased by ₦ 5.61 thousand or 0.36% from ₦1.548 million in March 2015 to ₦1.554 million in March 2015.

Stockholders' equity posted a 1.83 % or ₦ 0.39 million decrease from ₦21.01 million in March 2015 to ₦20.62million in March 2016.

Material Changes to the Company's pro-forma Balance Sheet as of March 31, 2016 as compared with pro-forma Balance Sheet as of March 31, 2015 (increase/decrease of 5 % or more)

5484.34 % or ₦ 12.47 Million increase in Cash and cash equivalents from ₦ 0.23 million in March 2015 to ₦ 12.70 million in March 2015. The significant increase is due to down payment on the cancellation of ABACORE investment.

13.91% or ₦ 0.3 million decrease in Advances to a stockholder due to partial payment of advances.

87.73% or ₦ 3.56 million increase in other current assets from ₦ 4.06 million in March 2015 to ₦7.62 million in March 2015. The increase is brought about by receivables from cancellation of agreement of ABACORE.

94.10% or ₦ 753.41 thousand increase in liabilities from ₦ 800.68 thousand in March 2015 to ₦1.55 million in March 2016 due to accrual of expenses.

100% or ₦ 3.05 thousand decrease in advances from third parties due to reversal of payable to other income.

22.45% or ₦ 22.02.2 million increase in deficit due to losses incurred during the period.

Key Performance Indicators

Considering the Company's non-operational status, the key performance indicators of the Company are as follows:

	March 31, 2016	March 31, 2015
Current Ratio (1)	14.27x	8.02x
Quick Ratio (2)	8.17x	0.28 x

 March 2015 (₱ 42,644,572/740,000,000)

The Current Ratio is the general measure of a company's liquidity. It represents the ratio of all current assets to all current liabilities. It is sometimes called the "Working Capital Ratio" because working capital is the excess of current assets over current liabilities. Current ratio is lower than the same period last year due to higher unpaid liabilities.

The Quick Ratio is another measure of a company's liquidity. It is used to measure a company's ability to pay its liabilities using assets that are cash or very liquid. Since the Company does not have any marketable securities and accounts receivables, the computation of this ratio was based on cash alone. Quick ratio for the current period is lower as compared to the same period of last year due to higher unpaid payables.

The Debt to Equity Ratio is a measure of leverage, or the relative amount of funds provided by lenders and owners. This measures the amount of debt being used by the Company. The ratio for the current period is higher as compared with that of last year due to higher liabilities.

Book value Per Share is a measure of stockholders' equity. It represents the difference between total assets and total liabilities divided by the total number of shares outstanding.

Net Profit Margin Ratio related to the profits of a company to its sales, assets or equity. It indicates the rate of profit from sales and other revenues. The Company is still in a no-operation status. The reported revenues are purely interests earned from bank deposits.

Additional Financial Soundness Indicators

- (2) *Income before Interest and Taxes / Interest Expense*
March 2016
March 2015
- (3) *Gross Profit / Sales*
March 2016
March 2015

Asset to Equity ratio measures the financial leverage and long term solvency of the Company. It is derived by dividing the total asset from its total equity.

Interest Coverage Ratio determines how easily a company can pay interest on outstanding debt. The Company did not incur any interest on its advances.

Gross Profit Margin is derived by dividing gross profit by the sales. The Company is still in a no-operation status. The reported revenues are purely interests earned from bank deposits.

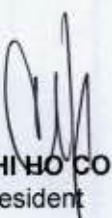

PART II – OTHER INFORMATION

There are no contingent liabilities or contingent assets or known trend and events that may materially affect the company's operation nor are there estimates of amounts reported in prior periods that may have a material effect on the attached financial statements.

LODESTAR INVESTMENT HOLDINGS CORPORATION
NOTES TO FINANCIAL STATEMENT

1. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements are prepared in accordance with the Philippine Financial Reporting Standards. The company has followed the same accounting policies and methods of computation used with the most recent annual financial statement. No new accounting policy has been adopted for this interim report.

2. RELATED PARTY TRANSACTIONS

In 2012, the Company grants non-interest bearing advances to a stockholder for working capital purposes. The advances to the stockholder are unsecured and are due and demandable anytime. These advances are generally settled in cash.

As at March 31, 2016, based on management's assessment, the outstanding balance of the Company's advances to a stockholder amounting to Php 1,857,076 is not impaired, hence, no impairment loss is recognized.

3. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

This account consists of accrued expenses which represent expenses continuously incurred for maintaining the operational and listing status with the Securities and Exchange Commission (SEC) and the Philippine Stock Exchange (PSE). This is composed of legal fees, stock transfer agent fees and withholding taxes.

4. CAPITAL STOCK

To address the Company's liquidity shortfalls and raise the needed fund for investment into Abacoal, the Company increased its authorized capital stock from Fifty Million Pesos (₱50,000,000.00) divided into Fifty Million (50,000,000) shares to One Hundred Million Pesos (₱100,000,000.00) divided into One Hundred Million (100,000,000) shares, both with a par value of One Peso (₱1.00) per share. The capital increase was approved by the Securities and Exchange Commission on 30 July 2009. To fund the capital increase, the Company entered into private placement transactions with several investors at the price of ₱1.20 per share. Full payment was made to the Company during the first quarter of 2010. Said shares were approved by the Philippine Stock Exchange for listing on July 14, 2010.

On November 6, 2009, the Company entered into another set of investment agreements with various investors wherein the investors agreed to subscribe by way of private placement to 10 million common shares of stock to be issued out of the unissued and unsubscribed portion of the authorized capital stock of the Company. The shares were subscribed at a price of ₱5.05 per share or for a total of ₱50.5 million, of which 25% or ₱12.6 million has already been paid. The transaction was approved by the BOD on September 14, 2009. The balance of 75% of the gross investment amount was paid in March 2011. Listing application for such shares is currently pending with the PSE.

On Sept. 14, 2010, SEC approved the reduction in the par value of the shares of stock from One Peso (₱1.00) to Ten Centavos (₱0.10). The authorized capital stock of the Corporation shall be One Hundred Million Pesos (₱100,000,000.00) divided into One Billion (1,000,000,000) common shares with par value of Ten Centavos (₱0.10) per share. Also on

the same date, the SEC approved the Amended By-laws providing for the creation, powers and functions of the Nomination, Remuneration, Audit, Executive and Finance Committees of the Company.

Per the records of the Corporation, on 24 September 2010, as a result of the approval of the reduction in the par value of the shares of the Company from One Peso (₱ 1.00) per share to Ten Centavos (₱ 0.10) per share, the Philippine Stock Exchange implemented the reduction in the par value and stock split of Lodestar shares. After the reduction in the par value of the shares from One Peso (₱ 1.00) to Ten Centavos (₱ 0.10) the number and price of shares have been adjusted by multiplying the number of shares by ten (number of shares x 10) and inversely, dividing the price by ten (price/10). Resulting adjustments in the amount of shares and values of consideration were accordingly reflected in the books of the Corporation, insofar as all issued and outstanding shares are concerned, including the private placement shares.

On 11 December 2015, during the Annual Stockholders' Meeting of the Company, the shareholders confirmed, ratified and re-adopted the 2009 Stockholders' approval of the increase in the authorized capital stock of LIHC. Said resolution was passed during the 17 December 2009 Annual Meeting wherein shareholders, holding at least 2/3 majority of the outstanding capital stock, voted in favor of the capital increase one hundred million pesos (₱100,000,000.00) divided into one hundred million (100,000,000) shares at a par value of one Peso (₱1.00) per share to three hundred million Pesos (₱300,000,000.00) divided into three billion (3,000,000,000) shares at the reduced par value of Ten centavos (₱.10) per share without stockholders' pre-emptive right.

5. RISK MANAGEMENT

The Company is exposed to a variety of financial risks which resulted from its investing and operating activities. The Company's risk management is coordinated in close cooperation with the BOD, and focuses on actively securing the Company's short-to-medium-term cash flows by minimizing the exposure to financial markets.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The Company has no significant exposure to foreign currency risk since it has no financial assets and financial liabilities that are denominated in foreign currency. The most significant financial risks to which the Company is exposed to are described below and in the succeeding page.

5.1 Credit Risk

Credit risk is the risk that a counter party fails to discharge an obligation to the Company. The Company is exposed to this risk for its financial assets.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown in the statements of financial position or in the detailed analysis provided in the notes to the financial statements, as summarized below.

	<u>March 31, 2016</u>	<u>Dec. 31, 2015</u>
Cash	₱ 12,698,125	₱ 13,107,516
Advances to a stockholder	1,857,076	1,857,076
Receivable from a third party	3,500,000	3,500,000

Advances to contractor	1,108,560	1,108,560
	<u>₱ 19,163,761</u>	<u>₱ 19,573,152</u>

The above represent the carrying amounts of financial assets of the Company categorized as loans and receivables. None of the Company's financial assets are secured by collateral or other credit enhancements, except for cash.

(a) *Cash*

The credit risk for cash is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash are cash in banks which are insured by the Philippine Deposit Insurance Corporation (PDIC) up to a maximum coverage of ₱0.5 million for every depositor per banking institution. The amount of cash on hand excluded from this insurance to PDIC amounted to ₱4,000 in both period.

(b) *Advances to a Stockholder*

The credit risk for advances to a stockholder is considered negligible, since the counterparty is a related party. No impairment loss has been recorded in relation to advances to a stockholder as management had assessed that this is fully collectible.

(c) *Receivable from a Third Party and Advances to Contractor*

The credit risk for receivable from a third party and advances to contractor is considered negligible since the parties are bound to one another. No impairment loss has been recorded in relation to these items as management had assessed that these are fully collectible. The advances to contractor was identified to be a financial asset only in 2015.

5.2 Liquidity Risk

The Company manages its liquidity needs by obtaining additional advances from stockholders.

As at March 31, 2016 and December 31, 2015, the Company's financial liabilities amounting to ₱ 1,554,024 and ₱1,466,704, respectively, have contractual maturities of less than twelve months..

6. FINANCIAL INSTRUMENTS

Comparison of Carrying Amounts and Fair Values

Fair Value Hierarchy

In accordance with PFRS 13, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels.

- (a) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- (b) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and,
- (c) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

There were no outstanding financial assets and liabilities measured at fair value as of March 31, 2016 and December 31, 2015.

- h) No seasonal or cyclical factor that affected this quarter’s interim operations.

Item 2. Management's Discussion and Analysis (MD&A) or Plan of Operations

Plan of Operation

Part III, Paragraph (A) of Annex "C" of the Securities Regulation Code under Rule 12 states that the information under subparagraph (2) thereof is required for companies that are operational and had revenues from its operations. In this light, the foregoing information only tackles Part III, Paragraph (A) (1) of Annex "C", insofar as applicable.

Business

On January 3, 1974, Lodestar Mining Corporation (now Lodestar Investment Holdings Corporation) ("LIHC" or the Company") was incorporated in the Philippines and established primarily as a mining and natural resources exploration company. The Company was engaged in the development of several gold and chromite mining claims in Masbate, Cebu, Negros Occidental and Palawan.

In 1988, the Company filed an application for listing of its 30,000,000 common shares with the Philippine Stock Exchange ("PSE") formerly known as the Manila and Makati Stock Exchanges. On October 11, 1988, the SEC issued to the Company a Certificate of Permit to Offer Securities for Sale and rendered the Registration Statement to be effective. The Company was able to complete its initial public offering and the listing of the Company's shares was made effective on May 26, 1989.

In October 2003, the name and primary purpose of the Company were changed to reflect a change from a mining company to an investment holding company, among others. On September 23, 2003, the Board of Directors filed with the SEC the proposed amendments to the Company's Articles of Incorporation and By-laws. As an investment holding company, the Company will have flexibility in pursuing new business ventures that would enhance shareholder value over time.

On July 7, 2005, the Board of Directors approved the write-off of the aforementioned mining properties or claims in its financial statement as of June 30, 2005. The mining properties were reviewed as to impairment in accordance with SFAS 36/IAS 36: Impairment of Assets.

The Board of Directors, during its special meeting held on October 28, 2008, approved the private placement offering of 12,694,000 LIHC shares at the price of ₱ 2.50 per share. On 12 December 2008, the stockholders of the Company likewise approved the capital increase of the Company from ₱50,000,000.00 divided into 50,000,000 shares at ₱1.00 per share to ₱100,000,000.00 divided into 100,000,000 shares at ₱1.00 per share. In line with this application for capital increase, the Board of Directors of the Company, during its special meeting held on 13 March 2009, approved the private placement offering of 14,000,000 shares at the price of ₱1.20 per share. Said private placement funded the increase in authorized capital stock.

On September 26, 2008, the Board of Directors authorized the Company to enter into a Heads of Agreement with Abacus Consolidated Resources and Holdings, Inc. ("ABACON") and Musx Corporation ("Musx") for the joint acquisition by the Company and Musx of all the outstanding and issued shares of Abacus Coal Exploration and Development Corporation ("ABACOAL") with a sharing arrangement of fifty five percent (55%) for Musix and forty five (45%) for the Company. The Company and Musx have likewise entered into an Agreement for Joint Investment whereby the investment parameters for such investment into ABACOAL were set forth.

On May 21, 2009, the Company executed an Amendment to the Agreement for Joint Investment with Musx Corporation. The amendment primarily consists in the assignment to the Company of Musx's fifty five percent (55%) interest in ABACOAL subject to the terms and conditions provided in the said agreement. As a result, the Company acquired the right to purchase one hundred percent (100%) of the shares of stock of ABACOAL which necessitated a bigger capital expenditure on the part of the Company.

On May 31, 2009, the Company executed a Memorandum of Agreement with Oriental Vision Mining Corporation ("Oriental") to undertake exploration and development activities of the coal properties of ABACOAL Under the agreement, Oriental shall develop and operate the Coal Property and pay the Company a royalty fee of Eight Percent (8%) of gross coal price per ton based on FOB loaded to vessel.

On July 21, 2015, the Company entered into Cancellation of the Heads of Agreement, Amended Heads of Agreement and Allied Contracts with Abacus Consolidated Resources Holdings, Inc. (ABACORE) and Abacus Coal Exploration and Development Corporation (ABACOAL). The cancellation was necessitated by the fact that the Merger with ABACOAL was not approved by LIHC shareholders for lack of quorum during the Annual Shareholder's Meeting called for the last three (3) years.

The Company thus, no longer has any contractual interest over ABACOAL as a result of the cancellation of other Heads of Agreement and its allied contracts.

Business Plan:

Still in line with the primary purpose of the Company as a holdings corporation, business outlook for 2016 is geared towards looking for other business ventures. Thus, the Company may again tap into various sources to look for opportunities in the various business sectors that are viable, growing and profitable. The Company's strategy will be to invest-buy-in or acquire businesses where the Company will at least own a significant stake or interest of the investee Company's outstanding capital. The said investment amount will allow the Company to recognize its proportionate share of the equitized earnings from its investee companies.

Within the next six (6) months, subject to SEC approval, the Company will implement the increase in its authorized Capital. This capital raising plan is intended to provide the Company investable funds and working capital for prospective projects. Specifics of such deals, if any, will be properly disclosed in accordance with the continuing disclosure requirements of the SEC and the PSE.

Likewise, for the next six (6) months, the Company's cash requirements will be satisfied from the proceeds/collection of Advances from stockholders.

Management's Discussion and Analysis for the Interim Period Ended June 30, 2016 as compared with June 30, 2015:

Revenues

The Company did not earn any revenue during the six-month period ended June 30, 2016 as it has not undertaken commercial operations.

Operating Expenses

Operating expenses increased by ₱51.41 thousand or 8.21% from ₱ 626.37 thousand in June 2015 to ₱677.78 thousand in June 2016 due to full payment of audit fees net of nil salaries and benefits expense incurred during the current year.

Net Loss

After deducting interest income from regular savings account, the Company posted a net loss of ₦606.59 thousand for the period ended June 2016 which is 3.11% or ₦19.47 thousand lower as compared to net loss of ₦626.06 thousand for the same period in 2015.

Financial Condition

The Company's Total Assets comprising of Current Assets amount to ₦21.87 million which is 3.03% or ₦0.68 million lower than that of June 30, 2015 balance amounting to ₦22.56 million. Total Assets on June 30, 2016 is comprised of ₦12.36 Million Cash, ₦ 1.86 million Advances to a stockholder and ₦7.65 million Other Current Asset.

The Company's Total Liabilities were comprised of accounts payable and accrued expenses. The Total Liabilities increased by ₦ 77.02 thousand or 4.97% from ₦1.548 million in June 2015 to ₦1.471 million in June 2016.

Stockholders' equity posted a 2.89 % or ₦ 0.606 million decrease from ₦21.01 million in June 2015 to ₦20.40million in June 2016.

Material Changes to the Company's pro-forma Balance Sheet as of June 30, 2016 as compared with pro-forma Balance Sheet as of June 30, 2015 (increase/decrease of 5 % or more)

5237.98 % or ₦ 12.13 Million increase in Cash and cash equivalents from ₦ 0.23 million in June 2015 to ₦ 12.36 million in June 2016. The significant increase is due to down payment on the cancellation of ABACORE investment.

87.19% or ₦ 3.56 million increase in other current assets from ₦ 4.10 million in June 2015 to ₦7.66 million in June 2015. The increase is brought about by receivables from cancellation of agreement of ABACORE.

100.00% or ₦ 37.00 million decrease in deposit for future stock investment due to cancellation of agreement of ABACORE.

105.01% or ₦ 753.72 thousand increase in liabilities from ₦ 717.74 thousand in June 2015 to ₦1.47 million in June 2016 due to accrual of expenses.

100% or ₦ 3.05 thousand decrease in advances from third parties due to reversal of payable to other income.

22.45% or ₦ 22.06 million increase in deficit due to losses incurred during the period.

Key Performance Indicators

Considering the Company's non-operational status, the key performance indicators of the Company are as follows:

 June 2015 (₱ 42,462,888/740,000,000)

The Current Ratio is the general measure of a company's liquidity. It represents the ratio of all current assets to all current liabilities. It is sometimes called the "Working Capital Ratio" because working capital is the excess of current assets over current liabilities. Current ratio is higher than the same period last year due to increase in cash brought about by the cancellation of ABACORE agreement.

The Quick Ratio is another measure of a company's liquidity. It is used to measure a company's ability to pay its liabilities using assets that are cash or very liquid. Since the Company does not have any marketable securities and accounts receivables, the computation of this ratio was based on cash alone. Quick ratio for the current period is higher as compared to the same period of last year due to increase in cash brought about by the cancellation of ABACORE agreement.

The Debt to Equity Ratio is a measure of leverage, or the relative amount of funds provided by lenders and owners. This measures the amount of debt being used by the Company. The ratio for the current period is higher as compared with that of last year.

Book value Per Share is a measure of stockholders' equity. It represents the difference between total assets and total liabilities divided by the total number of shares outstanding.

Net Profit Margin Ratio related to the profits of a company to its sales, assets or equity. It indicates the rate of profit from sales and other revenues. The Company is still in a no-operation status. The reported revenues are purely interests earned from bank deposits.

- (2) *Income before Interest and Taxes / Interest Expense*
 June 2016
 June 2015
- (3) *Gross Profit / Sales*
 June 2016
 June 2015

Asset to Equity ratio measures the financial leverage and long term solvency of the Company. It is derived by dividing the total asset from its total equity.

Interest Coverage Ratio determines how easily a company can pay interest on outstanding debt. The Company did not incur any interest on its advances.

Gross Profit Margin is derived by dividing gross profit by the sales. The Company is still in a no-operation status. The reported revenues are purely interests earned from bank deposits.

PART II – OTHER INFORMATION

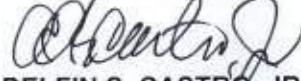

There are no contingent liabilities or contingent assets or known trend and events that may materially affect the company's operation nor are there estimates of amounts reported in prior periods that may have a material effect on the attached financial statements.

LODESTAR INVESTMENT HOLDINGS CORPORATION
NOTES TO FINANCIAL STATEMENT

1. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements are prepared in accordance with the Philippine Financial Reporting Standards. The company has followed the same accounting policies and methods of computation used with the most recent annual financial statement. No new accounting policy has been adopted for this interim report.

2. RELATED PARTY TRANSACTIONS

In 2012, the Company grants non-interest bearing advances to a stockholder for working capital purposes. The advances to the stockholder are unsecured and are due and demandable anytime. These advances are generally settled in cash.

As at June 30, 2016, based on management's assessment, the outstanding balance of the Company's advances to a stockholder amounting to Php 1,857,076 is not impaired, hence, no impairment loss is recognized.

3. ACCOUNTS PAYABLE AND ACCRUED EXPENSES

This account consists of accrued expenses which represent expenses continuously incurred for maintaining the operational and listing status with the Securities and Exchange Commission (SEC) and the Philippine Stock Exchange (PSE). This is composed of legal fees, stock transfer agent fees and withholding taxes.

4. CAPITAL STOCK

To address the Company's liquidity shortfalls and raise the needed fund for investment into Abacoal, the Company increased its authorized capital stock from Fifty Million Pesos (₱50,000,000.00) divided into Fifty Million (50,000,000) shares to One Hundred Million Pesos (₱100,000,000.00) divided into One Hundred Million (100,000,000) shares, both with a par value of One Peso (₱1.00) per share. The capital increase was approved by the Securities and Exchange Commission on 30 July 2009. To fund the capital increase, the Company entered into private placement transactions with several investors at the price of ₱1.20 per share. Full payment was made to the Company during the first quarter of 2010. Said shares were approved by the Philippine Stock Exchange for listing on July 14, 2010.

On November 6, 2009, the Company entered into another set of investment agreements with various investors wherein the investors agreed to subscribe by way of private placement to 10 million common shares of stock to be issued out of the unissued and unsubscribed portion of the authorized capital stock of the Company. The shares were subscribed at a price of ₱5.05 per share or for a total of ₱50.5 million, of which 25% or ₱12.6 million has already been paid. The transaction was approved by the BOD on September 14, 2009. The balance of 75% of the gross investment amount was paid in March 2011. Listing application for such shares is currently pending with the PSE.

On Sept. 14, 2010, SEC approved the reduction in the par value of the shares of stock from One Peso (₱1.00) to Ten Centavos (₱0.10). The authorized capital stock of the Corporation shall be One Hundred Million Pesos (₱100,000,000.00) divided into One Billion (1,000,000,000) common shares with par value of Ten Centavos (₱0.10) per share. Also on

the same date, the SEC approved the Amended By-laws providing for the creation, powers and functions of the Nomination, Remuneration, Audit, Executive and Finance Committees of the Company.

Per the records of the Corporation, on 24 September 2010, as a result of the approval of the reduction in the par value of the shares of the Company from One Peso (₱ 1.00) per share to Ten Centavos (₱ 0.10) per share, the Philippine Stock Exchange implemented the reduction in the par value and stock split of Lodestar shares. After the reduction in the par value of the shares from One Peso (₱ 1.00) to Ten Centavos (₱ 0.10) the number and price of shares have been adjusted by multiplying the number of shares by ten (number of shares x 10) and inversely, dividing the price by ten (price/10). Resulting adjustments in the amount of shares and values of consideration were accordingly reflected in the books of the Corporation, insofar as all issued and outstanding shares are concerned, including the private placement shares.

On 11 December 2015, during the Annual Stockholders' Meeting of the Company, the shareholders confirmed, ratified and re-adopted the 2009 Stockholders' approval of the increase in the authorized capital stock of LIHC. Said resolution was passed during the 17 December 2009 Annual Meeting wherein shareholders, holding at least 2/3 majority of the outstanding capital stock, voted in favor of the capital increase from one hundred million pesos (₱100,000,000.00) divided into one hundred million (100,000,000) shares at a par value of one Peso (₱1.00) per share to three hundred million Pesos (₱300,000,000.00) divided into three billion (3,000,000,000) shares at the reduced par value of Ten centavos (₱.10) per share without stockholders' pre-emptive right.

5. RISK MANAGEMENT

The Company is exposed to a variety of financial risks which resulted from its investing and operating activities. The Company's risk management is coordinated in close cooperation with the BOD, and focuses on actively securing the Company's short-to-medium-term cash flows by minimizing the exposure to financial markets.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The Company has no significant exposure to foreign currency risk since it has no financial assets and financial liabilities that are denominated in foreign currency. The most significant financial risks to which the Company is exposed to are described below and in the succeeding page.

5.1 Credit Risk

Credit risk is the risk that a counter party fails to discharge an obligation to the Company. The Company is exposed to this risk for its financial assets.

The maximum credit risk exposure of financial assets is the carrying amount of the financial assets as shown in the statements of financial position or in the detailed analysis provided in the notes to the financial statements, as summarized below.

	<u>June 30, 2016</u>	<u>Dec. 31, 2015</u>
Cash	₱ 12,361,397	₱ 13,107,516
Advances to a stockholder	1,857,076	1,857,076
Receivable from a third party	3,500,000	3,500,000

Advances to contractor	1,108,560	1,108,560
	<u>₱ 18,827,033</u>	<u>₱ 19,573,152</u>

The above represent the carrying amounts of financial assets of the Company categorized as loans and receivables. None of the Company's financial assets are secured by collateral or other credit enhancements, except for cash.

(a) *Cash*

The credit risk for cash is considered negligible, since the counterparties are reputable banks with high quality external credit ratings. Included in the cash are cash in banks which are insured by the Philippine Deposit Insurance Corporation (PDIC) up to a maximum coverage of ₱0.5 million for every depositor per banking institution. The amount of cash on hand excluded from this insurance to PDIC amounted to ₱4,000 in both period.

(b) *Advances to a Stockholder*

The credit risk for advances to a stockholder is considered negligible, since the counterparty is a related party. No impairment loss has been recorded in relation to advances to a stockholder as management had assessed that this is fully collectible.

(c) *Receivable from a Third Party and Advances to Contractor*

The credit risk for receivable from a third party and advances to contractor is considered negligible since the parties are bound to one another. No impairment loss has been recorded in relation to these items as management had assessed that these are fully collectible. The advances to contractor was identified to be a financial asset only in 2015.

5.2 Liquidity Risk

The Company manages its liquidity needs by obtaining additional advances from stockholders.

As at June 30, 2016 and December 31, 2015, the Company's financial liabilities amounting to ₱ 1,469,406 and ₱1,466,704, respectively, have contractual maturities of less than twelve months..

6. FINANCIAL INSTRUMENTS

Comparison of Carrying Amounts and Fair Values

Fair Value Hierarchy

In accordance with PFRS 13, the fair value of financial assets and financial liabilities and non-financial assets which are measured at fair value on a recurring or non-recurring basis and those assets and liabilities not measured at fair value but for which fair value is disclosed in accordance with other relevant PFRS, are categorized into three levels based on the significance of inputs used to measure the fair value. The fair value hierarchy has the following levels.

- (a) Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that an entity can access at the measurement date;
- (b) Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and,
- (c) Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

For purposes of determining the market value at Level 1, a market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

There were no outstanding financial assets and liabilities measured at fair value as of June 30, 2016 and December 31, 2015.

7. OTHERS

- a. These financial reports are prepared in compliance with the quarterly reportorial requirements of the SEC.
- b. There were no material transactions affecting assets, liabilities, equity, net income or cash flows that are unusual because of their nature, size, or incidents.
- c. There was no subsequent material events not reflected in this interim financial statement.
- d. There were no material contingencies and any other events or transactions that are material to the understanding of the interim report.
